Teacher Education Redesign Initiative (TERI): Early Results & Next Steps

Entering teacher preparation

Who are our teacher candidates?

Admissions	2011 Cohort	2012 Cohort	2013 Cohort
Total enrolled	326	346	303
Female	248 (76.1%)	190 (77.2%)	229 (75.7%)
Male	78 (23.9%)	56 (22.8%)	74 (24.3%)
Students of color	**35 (10.7%)**	**32 (13.0%)**	**34 (13.7%)**
International Students	1 (0.3%)	3 (1.2%)	2 (0.6%)
Mean entry GPA (for the BA degree)	3.35	3.38	3.40
Number of pre-requisite content courses needed	2	2	2

With increasing percentages of student of color, how do we support their entry and retention in our programs?

Scholarships awarded to 2013 cohort (Note: Scholarship recipients must meet the criteria of the award)

Self-identified students of color	Non students of color
22	78
$161,400	$252,220
Range of Scholarships $2,000-$15,000	Mean = $4,136

Individualized support reported on Exit Survey	2012 Cohort (all)	2012 Cohort (students of color N=23)	2013 Cohort (all)	2013 Cohort (students of color N=23)
Agree that advising by faculty advisor was supportive	79.3%	82.6%	85.7%	92.0%
Agree that advising by student services adviser was supportive	72.7%	57.9%	85.6%	87.0%
Agreed that they received the help they needed if they experienced significant challenges during student teaching	81.7%	81.3%	93.3%	88.2%

What motivates our candidates to enter teaching?

Entry Survey (top responses)	2012 Cohort
An interest in children, their growth, development and well-being	94.4%
An interest in making society better by working with children/youth	97.7%
An interest in adolescents, their growth, development, and well-being Minnesota	92.1%

Where do our candidates think they want to teach as they enter our programs?

Entry Survey	2010 Cohort	2011 Cohort	2012 Cohort
Urban	42%	38.5%	46.6%
Suburban	52.5%	52.0%	45.4%
Rural	5.6%	9.5%	8.0%

Increasing interest in urban teaching among a candidate population who grew up in city high schools

Where did our candidates spend their high school years?

Entry Survey	2012 Cohort
Urban	60.4%
Suburban	18.6%
Rural	18.1%
International	1.7%
Other	1.2%

Years of Response Rates Surveys	Number of Population	Number of Respondents	Response Rate
Entry Survey			
2011	219	178	81.3%
2012	212	204	96.2%
Exit Survey			
2012	277	177	63.9%
2013	302	234	78.8%
Transition to Teaching Survey (end of first year of teaching)			
2012	264	87	31.8%
2013	320	158	49.4%
Supervisor Survey (end of first year of teaching)			
2012	125	64	51.2%
2013	58*	44	75.9%

*Among the 320 survey population (same with the TTS 2013), 158 responded to the TTS 2013, and only 58 consented to contact their supervisors.

NExT Network for Excellence in Teaching

Timeline of Accomplishments

Year 1 2009-10
- Elementary undergraduate degree and graduate license program redesigned
- 7 curriculum task groups of 40 faculty and school / community members submit recommendations for common content curriculum redesign
- Proposal for TERI funded by the Bush Foundation

Year 2 2010-11
- Elementary undergraduate degree and graduate license program approved by university
- 4 common content courses for graduate license programs redesigned
- 4 new performance assessments identified
- Potential district partners identified and school partnerships begin

Year 3 2011-12
- Redesigned elementary undergraduate degree and graduate license programs launched
- Secondary and K-12 graduate license program curriculum approved by university
- District partnerships formalized with Memoranda of Understanding
- Co-teaching student teaching model launched with district partners

Year 4 2012-13
- Elementary program adjusted based on first year design feedback and evaluation
- Redesigned secondary and K-12 graduate license program curriculum launched
- TEACH campaign launched for consistent and vibrant messaging about becoming a teacher
- Beginning teacher support (induction) development begins

Year 5 2013-14
- Secondary and K-12 graduate license program to be adjusted based on evaluation
- Redesigned curriculum for undergraduate license programs to be launched
- School partnerships to deepen with school liaison positions and hiring relationships to support mentoring
- New software (TK20) purchased to improve data collection for building a culture of evidence.

Preparation experience

What do our candidates say about the program curriculum?

Exit Survey % Agree	2012 Cohort	2013 Cohort
Integration of technology throughout your teacher education program	63.3%	70.3%
Coherence between your coursework and clinical experiences	74.8%	75.2%
Had a sequence of courses and school experiences that addressed the complexities of teaching	87.6%	92.7%
Helped me understand childhood/adolescent development as it applies to instruction	88.6%	81.0%
Helped me understand the needs of students from various socioeconomic backgrounds	85.2%	90.0%
Helped me to develop as a reflective practitioner	97.7%	96.1%
Had a sequence of instruction and experiences that helped me feel increasingly ready to assume more responsibilities for P-12 student instruction	87.4%	89.1%

While reflective practice is high, we can improve on technology integration and overall program coherence

How can we improve our overall candidate satisfaction?

Would our completers recommend our teacher education programs to prospective teachers?

Exit Survey	2010 Cohort	2011 Cohort	2012 Cohort	2013 Cohort
YES	87.7%	85.8%	85.2%	90.5%

Beginning a teaching career

How many of our completers are in teaching positions in their first year after licensure?
(based on Transition to Teaching Survey)

2010 Cohort	2011 Cohort	2012 Cohort
80.5%	78.6%	85.5%

First Year of Teaching, Completers who agree:	2012 Cohort	2013 Cohort
That they received valuable professional guidance from faculty mentors or colleagues	85.10%	89.30%
The administration is responsive to the needs of beginning teachers	73.50%	72.70%

How long do our completers plan to stay in teaching?

Exit Survey	2010 Cohort	2011 Cohort	2012 Cohort
Fewer than 6 years	11.8%	10.8%	5.2%
6 or more years	88.2%	89.2%	93.9%

Are our completers supported in their first year schools?

Transition to teaching Survey (support scale 1-4)	2011 Cohort	2012 Cohort
School Climate (safety, high standards, respect, engagement)	3.44	3.63
Professional Environment (leadership, respect, professional development)	3.59	3.35
Resources (planning time, supplies, technology, equipment)	2.85	2.85

Our programs attract people who plan to be career teachers

Candidate performance

edTPA Rubric 2013 Field Trial	Mean Score - UMN	Mean Score - US
Planning for Subject-Specific Understandings	3.3	3.1
Planning to Support Varied Student Learning Needs	3.0	3.0
Using Knowledge of Students to Inform Teaching and Learning	3.1	3.0
Identifying and Supporting Language Demands	3.1	2.9
Planning Assessments to Monitor and Support Student Learning	3.0	2.9
Engaging Student in Learning	3.0	2.9
Deepening Student Learning	2.9	2.9
Using Assessment To Inform Instruction	2.7	2.7
Analysis of Student Learning	2.9	2.8
Providing Feedback to Guide Learning	3.0	2.9
Student Use of Feedback	2.4	2.4
Analyzing Students' Language Use and Subject-Specific Learning	2.4	2.5
Using Assessment to Inform Instruction	2.7	2.7

Elementary program added new course on English learners

Transition to Teaching	2012 Cohort	2013 Cohort
Plan instruction for the whole class while differentiating for diverse learning needs	83.1%	81.5%
Effectively teach students from culturally and ethnically diverse backgrounds	84.6%	87.3%
Design and modify assessments to accommodate students with diverse learning needs	76.6%	83.8%
Collaborate with teaching colleagues	90.7%	94.5%
Design instruction for English language learners	68.8%	77.8%

How many of our candidates were counseled out of the licensure program prior to completion?

Case data	2011 Cohort	2011 Cohort	2013 Cohort
Total candidates	272	344	303
Candidates counseled	17 (6%)	16 (5%)	17 (6%)
Candidates exited	5 (2%)	10 (3%)	8 (3%)

CEHD COLLEGE OF EDUCATION + HUMAN DEVELOPMENT UNIVERSITY OF MINNESOTA
