COUNSELING AND STUDENT PERSONNEL PSYCHOLOGY
MASTER'S PROGRAM HANDBOOK

GENERAL INFORMATION

The Counseling and Student Personnel Psychology (CSPP) Program:

CSPP is a track of study within the Educational Psychology Department's graduate program. As part of the Educational Psychology department, CSPP students should be also be aware of the Educational Psychology Department's student handbook which may be found on the department's web page. The primary objective of the CSPP M.A. program is to provide a fundamental body of knowledge and skills that prepares counselors and student personnel specialists for work in a variety of settings. Conceptually, the program is built on a synthesis of psychological approaches to human growth. This leads to a broad course of study but one with strong, unifying themes. The CSPP faculty are committed to addressing current social issues, such as multicultural and diversity concerns, through a developmental framework.

In addition to the CSPP core faculty, professors from other academic and student affairs units are involved as program affiliates through teaching courses, advising students, serving on student committees, and supervising practicums. This is one of the ways that CSPP taps the outstanding resources of the University of Minnesota.

The Master of Arts (M.A.) degree is a generalist program that emphasizes the practice of individual and group counseling and focuses on interviewing, counseling theory, assessment, ethics, and career development. The M.A. program frequently leads to the following types of occupations: college student development counselors, school counselors, community agency counselors, career counselors, counselors in employee assistance programs, and human resource development specialists. To prepare students for these professional roles, the program emphasizes generic counseling and research skills. The M.A. program allows for specialization in school counseling and college student development.

CSPP is a Plan B Master's program. This means a thesis is not required. The CSPP Plan B program substitutes additional coursework, a written comprehensive examination, and specific projects for the thesis.

Note: Students are bound by the requirements indicated in their program handbook from the fall semester in which they are first admitted to the CSPP program. However, in some situations, changes in curriculum and/or policy that occur after that time will also apply to them. Students will be notified in event that there are changes that effect their cohort. Please check with your adviser or M.A. Clinical Training Director for further information. Updated handbooks will be posted on-line.

EXPECTATIONS REGARDING STUDENT SELF-DISCLOSURE WHILE ENROLLED IN CSPP

The practice of counseling requires significant self-disclosure and personal introspection for the person receiving counseling. Counseling students must become very familiar and comfortable working with the process of individual self-disclosure and introspection. Therefore, it is an essential training component of the CSPP program to provide assignments and classroom experiences that call for students (i.e., counselors-in-training) to self-disclose and personally introspect about personal life experiences to an extent not expected in their academic disciplines. As such, the CSPP faculty is committed to and expects an atmosphere of respect and confidentiality among our students.

These expectations are in accordance with the American Psychological Association's *Ethical Principles of Psychologists and Code of Conduct* whose comments regarding the ethics of requiring self-disclosure in an academic program are as follows: *Psychologists do not require students or supervisees to disclose personal information in course- or program-related activities, either orally or in writing, regarding sexual history, history of abuse and neglect, psychological treatment, and relationships with parents, peers, and spouses or significant others except if (1) the program or training facility has clearly identified this requirement in its admissions and program materials or (2) the information is necessary to evaluate or obtain assistance for students whose personal problems could reasonably be judged to be preventing them from performing their training- or professionally-related activities in a competent manner or posing a threat to the students or others. (APA, 2002, 7.04).*

Because (1) and (2) above apply to our program, we require self-disclosure in our academic program. In summary, we require that our students be willing to engage in self-examination (i.e., to disclose personal information in an academic context), and to learn to interact in an ethical and facilitative manner with individuals who are both culturally similar as well as different from themselves, in terms of both demographics and values.

* *This statement has been adapted from the following other universities and/or Counseling Psychology Program statements: Auburn University, Miami University, University of Missouri-Columbia, and the University of North Dakota.*

REQUIRED COURSES

Master's students must complete the following courses or equivalents (see Appendices C, D, & E for examples of typical M.A. programs). The basic coursework for all M.A. candidates in the program is similar.

Basic Coursework (All Emphasis)

EPsy 5221	Principles of Educational and Psychological Measurement	(3 cr.)
EPsy 5261	Introductory Statistical Methods	(3 cr.)
EPsy 5400	Special Topics: Clients in Crises	(4 cr.)
EPsy 5415	Child and Adolescent Development & Counseling	(4 cr.)
EPsy 8132	Personality Development & Socialization	(3 cr.)
EPsy 8402	Individual Counseling: Theory & Applications	(4 cr.)
EPsy 8403	Social/Cultural Contexts: Counseling & Skills	(3 cr.)
EPsy 8404	Group Counseling: Theory, Applications, & Skills	(3 cr.)
EPsy 8405	Career Development: Theory, Skills, & Counseling Applications	(3 cr.)
EPsy 8406	Professional Ethics for Counselors & Psychologists	(3 cr.)
EPsy 8431	M.A. Research Seminar	(3 cr.)
EPsy 8503	Counseling Practicum I	(3 cr. Sch Couns or 4 cr. Comm/Higher Ed)
EPsy 8504	Counseling Practicum II	(3 cr. Sch Couns or 4 cr. Comm/Higher Ed)
EPsy 8407	Assessing & Counseling Clients with Psychological Disorders	(4 cr.)
EPsy xxxx	Learning/Cognition*	(3 cr.)

* See Appendix F

The Graduate School allows one-third of the course credits on the degree program to be taken S/N. However, CSPP core courses and courses taken to fulfill Ed Psych core requirements must be taken A/F. This means that **all** courses listed on your Graduate Planner (GPAS),

School Counseling Emphasis:

Additional requirements for school counseling tract students for School Counseling license.

EPsy 5435	Organization of the Comprehensive School Counseling Program	(3 cr.)
EPsy 5436	Crisis Management and Consulting in School Counseling	(3 cr.)

Community Emphasis:

Additional requirement for Community tract students for LPCC license:

EPsy 5400: Special Topics in CSPP: Clients in Crises (4 cr.)

GRADUATE PLANNING AND AUDIT SYSTEM (GPAS), TRANSFER OF COURSEWORK, FORMS, EXAMINING COMMITTEES, AND FILING PETITIONS

Forms:

For a list of the required forms and where to find them on-line, please see Appendix A or go to the CSPP website under CSPP Student Resources and Forms (http://www.cehd.umn.edu/EdPsych/Current/CSPP.html). In the online master's program handbook under "Appendix A: Forms," each link will take you to the website where the form may be found.

Transfer of Coursework/ Filing Petitions

With the approval of the adviser, and the Educational Psychology Director of Graduate Studies, the transfer of up to 40% of the degree coursework is permitted. Please refer to the Graduate School Catalogue for additional information on transfer-eligible credits. To request that previous courses be added to the Graduate planner, students must fill out a CSPP petition (see Filing CSPP Petitions section below and Appendix B). If a petition is approved, an official transcript must be on file from the institution with the Graduate School. School Counseling students must also request a transcript be sent to the CSPP office so it can be included in the licensure application.

Graduate Planning and Audit System Planner

Students must complete and submit the Graduate Planning & Audit System (GPAS) planner, an online resource of the University, for their Master's degree. On this webpage the student lists all coursework (completed and proposed) required for the Master's degree. This plan is then routed to the student's advisor and then to the Director of Graduate Studies. The GPAS is available online via the student My Portal page under the Academics tab, on the Degree Progress sub-tab. The Student Guide to completing the GPAS Planner is available here:

https://onestop.umn.edu/academics/graduation-planner

Students are to submit the GPAS at least one semester prior to completing their degree. Students will be notified by Graduate Student Services and Progress office (GSSP) via e-mail that the GPAS has been processed and they can now enter their committee.

Composition of Examining Committees:

The CSPP program will assign an examining committee comprised of two CSPP faculty members and one non CSPP faculty member. The student will then submit the names of his/her committee members on-line via the Graduate School's web page: http://www.grad.umn.edu/students/examiningcommitteesnew/index.html. The committee can only be entered after the Graduate School has approved the student's GPAS.

Filing CSPP Petitions:

In order to ensure that each student's degree plan has adequate breadth and depth, CSPP has specified a core of required courses. If a student has already taken related graduate coursework in any of the required areas and believes that a program requirement would constitute a duplication, the student may petition to substitute the previous **graduate-level** coursework into her/his GPAS plan; this coursework **cannot** be part of the student's undergraduate degree or taken as an undergraduate course.

Petitions may also be filed to request changes in program requirements other than course substitutions.

The procedure for petitioning a change for course requirements is as follows:

1) Fill out the CSPP Petition (Appendix B).
2) Meet with the professor who is teaching the course you wish to petition out of or transfer in to verify it is an acceptable substitute. Ask the professor to sign the petition.
3) The student will then meet with her/his adviser to determine if the adviser will permit the substitution. Ask the adviser to sign the petition.
4) Submit the signed petition to the DGS Assistant. The petition **MUST** have the signature of the professor and the adviser.
5) The transfer course will be entered by the DGS Assistant after the GPAS audit has been submitted.

It is the **STUDENT'S** responsibility to make sure that the petition form reaches the appropriate professor, the student's adviser, and the DGS Assistant.

The same process described above should be used if petitioning departmental requirements.

Changes to GPAS:

If you need to make a change to an elective after your GPAS has been approved, please write the DGS assistant with the name of the course(s) you are changing and copy the adviser. This situation most often comes up with changes to the Learning and Cognition course requirement.

PRACTICUM FOR SECOND YEAR M.A. STUDENTS

Masters students are required to complete two semesters of practicum during the second year. There are two options which are outlined below. Students in the School Counseling program, use Option II. All others use Option I. Students pursuing Practicum Option I should refer to the Community and College Student Development Practicum Handbook for additional requirements and information on the practicum. Students pursuing Practicum Option II should refer to the School Counseling Practicum Handbook for additional requirements and information on the practicum. These handbooks are online on the CSPP website, and will be distributed during the practicum advising meeting toward the end of the first semester in the student's first year in the program.

A formal Background Check of each student before beginning practicum is required by CSPP. The Background Check can be completed through the University the process and procedure for background checks will be covered at the Practicum Orientation which will be held in October of the first year.

Option I: Non-School Counseling Practicum (Community and Higher Education Emphasis)

Register for: EPsy 8503- 001 and 8504-001; 4 credits each; A/F

Requirements:

1) Spend a minimum of 350 hours each semester at the practicum site in direct service, supervision, and practicum-related activities.
2) Meet individually with a site supervisor once a week for one hour. The site supervisor must hold as least an M.A. degree in a counseling-related field (counseling, clinical, social work, student personnel, etc.).
3) Accrue 50 client contact hours during fall semester and 70 during spring semester. One client contact hour is calculated as follows: one 50-minute session, two 30-minute sessions, or four 15-minute sessions. Activities that count as client contact include the practicum student's provision of individual or group counseling, advising, consulting, teaching, testing, and assessment. They do not include the practicum student's receipt of any of these activities.
4) Audio or video tape at least some sessions with clients.
5) Meet in a two hour practicum class once a week with a Practicum Instructor or supervisor. Specific assignments to be determined by the faculty member.
6) Turn in all required forms listed in the practicum handbook.

Site Selection:

Each student is responsible for obtaining a practicum site. However, a number of potential sites have been identified by the program. The sites are listed in an online directory that will be shared with students at a practicum advising meeting toward the end of the first semester of the first year in the program. In addition, a list of possible sites and evaluations of these sites by former practicum students are available for review online. Students may pursue one of the sites or develop their own practicum site. Most sites require resumes and interviews. Several require letters of recommendation. Application deadlines vary. **Students wishing to select a site that is not on the list must receive permission from the Masters Program Clinical Training Director**.

Minimum Practicum Hours: 700 hours at site plus 60 hours in practicum class.

Option II: School Counseling Practicum

Register for: EPsy 8503-0002 and 8504-002; 3 credits each; A/F

Requirements:

1) Spend 400 hours at the educational level of the practicum student's choice (high school, middle school, or elementary) and 150 hours at each of the other two levels under the direct supervision of a licensed school counselor.
2) Meet individually with a site supervisor once a week for one hour. The supervisor must hold at least an M.A. degree and have a current Minnesota school counseling license.
3) Practicum hours are accrued whenever the student is at the practicum site, working with the supervisor or under the supervisor's direction. Duties and hours are determined by the student and the on-site supervisor.
4) Audio or video tape two sessions at the 400 hour site and one tape at each of the other practicum sites.
5) Meet in a two hour practicum class once a week with a CSPP faculty member or a doctoral student supervisor. Specific assignments to be determined by the faculty member.
6) Turn in all required forms listed in the School Counseling Practicum Handbook.

Site Selection**:**

Each student is responsible for obtaining a practicum site. However, a number of potential sites have been identified by the program. The sites are listed in an online directory that will be shared with students at a practicum advising meeting toward the end of the first semester of the first year in the program. In addition, a list of possible sites and evaluations of these sites by

former practicum students are available for review online. Students may pursue one of the sites or develop their own practicum site. Most sites require resumes and interviews. Several require letters of recommendation. Application deadlines vary. **Students wishing to select a site that is not on the list must receive permission from the MA Program Clinical Training Director**.

Minimum Practicum Hours**:** 700 hours plus 60 hours in practicum class.

Accumulating Practicum Hours Over Winter Break:

Practicum Students who have either a) fallen behind in accumulating the 50 client contact hours during Fall semester or b) wish to accumulate Practicum hours during winter break to apply to Spring semester may do with the understanding of the site supervisor; that the Practicum instructor will not be available nor will class be held over the break. Students must have the Practicum Consent form (Appendix G) signed by the Site Supervisor and turned into the MA Clinical Training Director by November 1, 2018

Practicum students who wish to work after the last day of Spring semester classes (May 9) through May 28th; may also do so with having the site supervisor sign the Practicum Consent form with the same understanding: the Practicum class will not be meeting; the Practicum Supervisor will not be available. Forms are due by April 12, 2019.

Students may not accumulate practicum hours over Summer session.

Termination at a Practicum Site:

Students who wish to terminate at a practicum site must inform the practicum instructor and the M.A. Clinical Training Director, plus petition to do so. The practicum instructor will contact the site supervisor. The decision to terminate will be made by the student, the practicum instructor, the MA. Clinical Training Director in consultation with the site supervisor.

STATUS IN TRAINING FORM AND ANONYMOUS SURVEY

Midway through spring semester, each student will be sent a mandatory status in training (SIT) survey form (Appendix G) and an anonymous survey. The purpose of the SIT form is for students to reflect and report on their academic performance during the previous year.

The anonymous survey is an opportunity for students to report how they view the training they have received in the CSPP program.

Both surveys are asked to be submitted before the faculty conduct their final meeting on degree clearance.

M.A. COMPREHENSIVE EXAMINATION

The Graduate School requires a final examination for Plan B candidates. In the CSPP program, this exam is a comprehensive written examination at the conclusion of the student's program. The exam is offered in the spring semester each year; typically, students complete this exam in their second year of MA study. The exam is typically scheduled from 9:00a.m.-1:00p.m. on a Saturday in April. Detailed information about exam date, location, and logistics will be emailed to students a few weeks before the exam. Students intending to take the exam must sign up in the CSPP office prior to taking the exam. Students have the option of using a translation or standard dictionary. Calculators are neither necessary nor allowed. Exam questions may include content from any required CSPP courses/subject areas with the exception of the school counseling courses, the Learning/Cognition course. The exam consists of 200 multiple choice questions that are likely to include, but may not be limited to, the following subject areas:

1) Assessment (including measurement and statistics)
2) Career development
3) Counseling theory
4) Counseling practice
5) Personality and social development
6) Ethics and professional issues
7) Group counseling
8) Multicultural issues
9) Research (including measurement and statistics)
10) Child and adolescent development and counseling
11) Psychological disorders

Students who answer 70% of the items correctly will pass. Students failing the M.A. comprehensive examination are automatically allowed to retake the exam. Students who have failed the exam a second time must send a request to the Program Coordinator who will consult with the faculty whether or not the student may take the exam a third time.

DEGREE CLEARANCE

After the last semester of coursework has started, students are advised to

- Request a Graduation Packet from the Graduate Student Services and Progress (GSSP) via their website: http://www.grad.umn.edu/students/masters/index.html

- This packet contains the Final Examination Report Form and the Application for Degree Form.

Final Examination Report Form

This form found in the graduation packet contains the names of the examining committee, CSPP had provided to students earlier in the semester. The examining committee signs this form, after the grades have been turned in for the MA Comprehensive exam.

Students will turn in these forms into the CSPP Office Specialist. At the final review of students meeting held in May, the examining committee will review the student's progress in the program, and sign the form. An e-mail will be sent out to students with the exact date and time of the meeting.

The CSPP Principle Office Specialist will then return the signed Examination Report Form to the Graduate School before the end of May. The Principle Office Specialist will scan a copy of the signed form to each student for their record and so they know the form was signed and submitted.

If a student fails to turn in this Examination Report Form by the deadline set by the CSPP program, **the student**, rather than CSPP staff, will be responsible for obtaining the committee members' signatures and submitting the M.A. Final Examination Report Form to the Graduate School.

COMMENCEMENT AND GRADUATION

Commencement Ceremony:

The College of Human Development commencement ceremonies are held in early May. Attendance is encouraged but not required.

Please note: participating in the commencement ceremony does not mean a student will have his/her degree awarded. In order for the confer date of graduation to be posted on a transcript and for the diploma to be mailed, the student must request a graduation packet and submit the forms found in the packet.

Application for Graduate Degree:

All students must submit an Application for Degree online in My U before the M.A. degree can be awarded.

This must be done **by the first working day of the intended month of graduation.** There are no exceptions to this rule. It is the **student's responsibility** to submit this form before the deadline. Failure to do so will delay the official award date for the degree and may create employment and licensure complications. So to ensure a May completion date posted on your transcript; the Application for Degree must be submitted by May 1.

Please note: a student wants a May confer date, do **not** submit the Application for Degree before April 2nd.

The complete calendar for when applications can be submitted is found here:

https://www.grad.umn.edu/current-students-graduate-student-services-progress/application-degree

This page also includes important information regarding how student's names are printed on diplomas.

Please read this section carefully and contact the DGS Assistant if you have questions.

When and How a Degree is Formally Conferred:

- The student can expect to find the record of the formal degree award on her/his transcript (viewable online via One Stop) by the middle to end of the month **following** the intended month of graduation. This means that students who have filed all paperwork for a May confer date can expect to see the degree listed on their transcripts by mid- to late June.

  The actual diploma will be mailed to the student, but this may take up to 4 to 6 weeks after the degree has been granted.

STUDENT PROGRESS AND RETENTION POLICY AND PROCEDURES

The student progress and retention policy and procedures are designed to help students know their rights and responsibilities and the avenues for addressing any conflict situations. This section outlines the standards for academic performance and professional conduct for students enrolled in the CSPP master's program. It also describes a policy for defining and addressing problematic performance. The procedure used by the program to evaluate student academic performance and progress, as well as the policy for readmitting students who have been dropped from the Graduate School/CSPP program are described next. Finally, a step-by-step guide to student grievance procedures is included.

Student Conduct Standards:

Students are required to satisfy University standards for student conduct The Student Conduct Code can be found as a link in the Student Conduct Code procedures: http://policy.umn.edu/education/studentconductcode-proc01). In addition, they must meet the following CSPP student conduct standards:

1) Adhere to the Minnesota Board of Psychology, the Board of Behavioral Health and Therapy, the American Counseling Association, and American Psychological Association guidelines for ethical practices and professional conduct in all aspects of training (see Appendix J).

2) Adhere to all University policies requiring non-discriminatory treatment of others in academic and professional settings without regard to race, color, creed, religion, national origin, gender, age, marital status, disability, public assistance status, veteran status, or sexual orientation. (All University Board of Regents Policies may be viewed at: http://regents.umn.edu/policies/index).

Performance Standards:

Students are required to satisfy Department of Educational Psychology, Graduate School, and University standards for academic and professional performance (see the *Educational Psychology Graduate Program Handbook* (http://www.cehd.umn.edu/EdPsych/Current/ and *Graduate School Catalog* (http://www.catalogs.umn.edu/grad/index.html)

In addition, students must meet the following CSPP minimum academic and professional standards:

1) Students must maintain a minimum GPA of 3.0
2) Students may not have more than two grades below a B- in the courses listed on student's GPAS.
3) Students may not have more than six credits of incompletes at any one time.

The faculty reserves the right to terminate any student who fails to meet these standards of progress.

Continuous Registration:

The Graduate School requires continuous registration until completion during the academic school year. Failure to register will result in discontinuation. The Graduate School also requires students to successfully complete the master's degree within five years. Failure to register for one semester or failure to complete the master's degree within five years will result in students being dropped by the Graduate School. Whenever students have been dropped, they must reapply for admission.

Leave of Absence:

It is rare that students in a two-year Master's program have a need to request a Leave of Absence. However, the University has a policy to address situations that may occur, CSPP students must speak with and have their advisor sign the official leave of absence request. It is the student's responsibility to turn the form into the DGS Assistant. The policy and form is found here: http://policy.umn.edu/education/gradstudentleave. Upon returning from leave; students must also file the return from leave form; also found at the previously mentioned link.

Special Accommodations:

It is University and CSPP policy to provide, on a flexible and individualized basis, reasonable accommodations to students who have documented physical, sensory, learning, or psychiatric disabilities that may affect their ability to participate in and to meet program requirements. Students with disabilities are encouraged to contact their adviser to discuss their individual needs for accommodations. Accommodations relevant to meeting program requirements are determined through a consultative process with Disability Services, the student, the adviser, and other relevant members of the campus community. (Accommodations relevant to class requirements are determined through a consultative process with Disability Services, the student, the class instructor, and other relevant members of the campus community.) Students who suspect they may have a disability or who would like general disability information are encouraged to contact the Disability Resource Center: https://diversity.umn.edu/disability/;

180 McNamara Alumni Center; V/TTY: 612-626-1333).

Problematic Performance Policy:

The University of Minnesota graduate program in CSPP recognizes its responsibility to provide education and training that will promote student attainment of the knowledge, skills and competencies necessary to function as a competent counseling professional. Attainment of knowledge, skills, and competencies is a developmental process that occurs over time and varies from student to student. Program faculty are committed to providing instruction, feedback, and mentoring to students in a constructive atmosphere that allows students to meet the goals of the program and develop as a professional.

The *Problematic Performance Policy* applies to rare situations in which a student experiences significant difficulties in attaining and/or in demonstrating the knowledge, skills, and/or competencies that will allow him or her to function as a competent counseling professional. This policy is intended to be used with students who are not adequately progressing through the developmental process of becoming a counselor. The problems described in this policy occur rarely and therefore it is rarely necessary to implement the full procedures described in the policy.

Program faculty, including clinical training supervisors, accepts multiple responsibilities in their role of educating counseling professionals. These responsibilities extend not only to the students in the program but also to the profession at large and to the public.

- Program faculty and clinical supervisors have a responsibility to teach and supervise students, which is typically done in the context of a collaborative relationship.
- These individuals also have a responsibility to protect the public from incompetent professionals and to maintain the accepted ethics and standards of the profession.
- Unfortunately, it is possible that some students are not capable of becoming competent professionals and therefore they will not be able to maintain the standards of the profession.
- In these cases, the program is obliged by the Minnesota Board of Psychology Rules of Conduct (Appendix J) and to take action to protect the public as well as the profession.

Definition of Problematic Performance:

Generally, problematic performance for a counseling student can be defined as any combination of personal characteristics, emotional difficulties, life situations, and/or lack of competence (knowledge or skills) that interfere with a student's ability to function in a professional manner.

In determining whether a student is exhibiting problematic performance, criteria that are considered include:

- The problematic performance is not restricted to one area of professional functioning.
- The student has difficulty acknowledging, understanding and/or addressing the problematic performance when it is identified.
- The problematic performance is not merely a reflection of the normal progression in competency and skills that is expected throughout training or specific deficits in knowledge or skills that can be rectified by academic or didactic training.
- The quality of student performance is consistently negatively affected by the problematic performance.
- The student's behavior does not change as a function of feedback, remediation efforts, and/or time.

Examples of behaviors, which may be categorized as problematic performance, are listed next. Note that this list provides examples and is not intended to be definitive or all-inclusive.

- A violation of professional standards or ethical codes.
- Inability or unwillingness to acquire and demonstrate professional skills at an acceptable level of competency as judged by a clinical supervisor, a practicum supervisor, the student's advisor, and instructors in the CSPP program.
- Serious deficits in the areas of knowledge and application of professional standards.
- Behaviors that can be reasonably predictive of poor future professional functioning, such as extensive tardiness, carelessness with curricular requirements, poor compliance with supervisory requirements, etc.
- Interpersonal behaviors and intrapersonal functioning that impair one's professional functioning, such as psychopathology, inability to exercise good judgment, poor interpersonal skills, and pervasive interpersonal problems.

Evaluation of Student Performance:

The CSPP program faculty conducts an annual review of all students during the spring. Students complete a Status in Training form to assist in this review process. Based on this review, students receive written feedback informing them as to their progress in the program.
It should be noted that faculty actions and decisions are not confined to the annual review. Evaluation of student performance is an on-going activity.

Program Response to Student Violations:

If a CSPP faculty member has reason to believe that a student is in violation of any of the student conduct or performance standards or is exhibiting problematic performance, action will be taken by the CSPP program. Such action may include, but is not limited to, the following:

1) A CSPP faculty member will speak directly with the student and other involved parties, as appropriate.

2) In order to document faculty concerns regarding problematic student performance, the Evaluation of Student Problematic Performance Form contained in Appendix H will be completed and placed in the student's file.

3) All CSPP core faculty will be informed of the violation(s). Written documentation of this process of informing all core faculty will be done and kept in confidential student files.

4) The chair of the Department of Educational Psychology, as well as other faculty/professionals, will be informed of the violation(s), as appropriate.

5) The CSPP program faculty and other faculty/professionals will meet either to determine the steps necessary for the student to rectify the violation(s) or to terminate the student from the program. In the former case, faculty may require, for example, additional coursework, repeating coursework, additional supervised practicums, a leave of absence, psychological evaluation, and/or counseling. The student will receive a written statement detailing the violation(s) and the steps necessary to rectify the violation(s).

6) In the event that a student is not terminated, a written contract between the student and the CSPP program will be developed detailing the necessary steps for rectifying the violation(s) and specifying a timetable for their successful completion.

7) Disagreements about the resolution of any issue can be handled through Student Conflict Resolution Center (612-624-7272, 211 Eddy Hall, sos@umn.edu, http://www.sos.umn.edu

8) See Student Grievance Process section below for more information

Student Grievance Process

It is the student's responsibility to be aware of Board of Regents Policies as they apply to students and student employees. For University grading policies see: http://policy.umn.edu/education/gradingtranscripts

If students have a grievance issue, the CSPP program recommends that they use the following resolution process which involves the student meeting with and attempting to resolve the issue with the faculty member. If the student has met with the faculty member and the problem has not been resolved, then the student can contact their advisor. If the problem is still not resolved, the student may contact the CSPP program coordinator, then the department chair. Students should be aware that there may be limits to confidentiality with any of their discussions with these personnel.

Students also may by-pass this internal process and go directly to the University Student Conflict Resolution Center or Office for Conflict Resolution.

If a student does not choose to meet first with a faculty member, the student may also directly contact the Student Conflict Resolution Center (612-624-7272, 211 Eddy Hall, sos@umn.edu, http://www.sos.umn.edu) for advice and representation in areas of formal and informal University proceedings (for example, student conduct code issues, dorm incidents, employment problems, academic disputes, financial aid grievances, academic misconduct charges, student judicial issues). Students may also contact the Student Conflict Resolution Center for assistance and advice for **any** campus-based problem or complaint (for example, grade or instructional complaints, registration requirements, unfair treatment, financial aid or billing problems). The Student Conflict Resolution Center can help identify resources and options, find answers to questions, and arrange conferences or mediate disputes. Students should be aware that there are time limits for taking action in some cases.

If students believe they have experienced any form of discrimination or harassment, they can seek assistance and advice from the Office of Equal Opportunity and Affirmative Action at 612-624-9547, eoaa@umn.edu, 419 Morrill Hall, http://www.eoaffact.umn.edu.

LICENSING REQUIREMENTS IN MINNESOTA

Students completing a master's degree may be interested in pursuing licensure in one or more of the following licensure areas: School Counselor (K-12) Licensure, Licensed Professional Counselor (LPC), or Licensed Professional Clinical Counselor (LPCC).

Licensed School Counselor:

Students planning to become a school counselor should consult with the School Counseling Director. For information regarding Minnesota K-12 Licensed School Counselor requirements, see the Minnesota Department of Education website:
https://www.revisor.mn.gov/rules/?id=8710
or call (651) 582-8691.

Licensed Professional Counselor and Licensed Professional Clinical Counselor:

These licenses are the regulatory licenses for the counseling profession in Minnesota. Community Counselors in MN need to be licensed as a Licensed Professional Counselor (LPC) or a Licensed Professional Clinical Counselor (LPCC) before being able to practice as a counselor.

The LPCC license tier meets standards currently being required to be designated as a Mental Health practitioner. Mental health practitioners are eligible for Medicare payments, payments by federal and state agencies, and payments by most insurance companies. Some insurance companies also recognize the LPC.

The licensing board for the LPC and LPCC is the Minnesota Board of Behavioral Health and Therapy (BBHT) has FAQ and basic information about the LPC and the LPCC: http://www.bbht.state.mn.us/.

LPC requirements:

1) 48 semester credits from an accredited counselor training program and a 700 hour practicum or field experience. CSPP is accredited for counselor training by the National Council for Accreditation of Teacher Education (NCATE) and the BBHT.

2) Take and pass the National Counseling Exam (NCE) or an equivalent national examination as determined by the BBHT, such as the National Clinical Mental Health Counseling Examination (NCMHCE). See the NBCC website (http://www.nbcc.org/) for information about exams and study materials. Also, see the CSPP office specialist or Clinical Training Director to check out program study guides.

3) 2000 hours of **post**-graduation supervised counseling practice.

4) Obtain a position/job which includes counseling duties, and then:

   a) Complete an application for the LPC from the BBHT, which includes a supervision plan. The plan must include the name of your supervisor for the 2000 hours (see the BBHT website for a list of approved supervisors). The supervision hours may be completed over a 2- or 4-year time span while on the job. (1 year working 40 hours per week, half time work for 2 years, or part time work for 4 years).

   b) Accumulate credits or CEUs to 60 credits within the 2 to 4 year period. Graduate credits earned prior to completion of the M.A. or prior to the application for license will be accepted, e.g. CSPP students with 48 or 50 credits at graduation need only to add enough credits to reach the 60 credits within the 2 - 4 years after application for the LPC.

   c) Continuing Education Units (CEUs) or CECs are also accepted. One semester of graduate credit equals 15 CEUs, e.g. if a counselor has 59 credits, s/he could earn 15 CEUs to make up the one credit needed to reach 60.

   d) Due to requirements for the LPCC, it is advisable to earn credits or CEUs in the areas of appraisal, diagnosis and treatment planning, evaluation, etc.

<u>LPCC requirements</u>:

This additional tier of the license includes and exceeds the requirements of the LPC. The LPC is not necessary prior to the LPCC, but is easily obtained while working toward the LPCC. LPCC licensure requires:

- 4000 supervised total hours of counseling (2000 in addition to the 2000 for the LPC)
- Pass the National Clinical Mental Health Counseling Exam (NCMHCE) **or** the NCE **plus** the Examination for Clinical Counselor Practice (ECCP).

NATIONAL EXAMINATION & CERTIFICATION REQUIREMENTS

National Counseling Exam (NCE) and National Clinical Mental Health Counseling Exam (NCMHCE):

- For Minnesota exam dates, registration information, and exam costs see http://www.bbht.state.mn.us/ under 'Licensing' then 'Examination for Professional Counselors' or 'Examination for Professional Clinical Counselors' and the website for the National Board of Certified Counselors (NBCC) http://www.nbcc.org/
- These exams are typically offered 4 times per year in Minnesota (3 times in Minneapolis and 1 time in Duluth)
- Registration and payment is usually required 7 weeks prior to the exam
- Applicants must have a completed master's degree prior to taking either exam and must submit to NBCC an official transcript showing the date the master's degree was conferred
- M.A. students who complete all U of M forms and requirements to graduate in May can expect their official transcript to become available during the second half of June, which means they will be eligible to register for October (Duluth) or January (Minneapolis) exam dates
- Students attempting to register to take either exam on the July testing date following their May graduation will not have an official transcript proving receipt of their degree before the deadline for registration passes (typically May 30). Exceptions allowing such registration *may* be made by the testing authorities, however:
    - It is the student's responsibility to arrange any exception with NBCC and to request and acquire any additional documentation needed from the Graduate School
    - CSPP and the Graduate School cannot control whether or not such additional documentation is accepted by the testing authorities for registration purposes
- If a licensed LPC counselor has passed the NCE and then decides to become an LPCC passing the Examination for Clinical Counselor Practice (ECCP) will be required. If a licensed LPC counselor has passed the NCMHCE, no additional exam is required.

Examination for Clinical Counselor Practice (ECCP):

- For exam dates, registration information, and exam costs see http://www.nbcc.org/
- The ECCP is also an exam which is required for NBCC's Certified Clinical Mental Health Counselor specialty credential

Study materials for all exams are posted on the NBCC website. Study materials have also been purchased by CSPP and may be checked out by students from the CSPP office (250 EdSciB)

between 8:00AM – 4:30PM, Monday through Friday. The materials must stay in the Education Sciences Building and returned after each use.

Several national organizations provide opportunities for additional certification in various specializations in counseling and psychology. With a master's degree in CSPP, you may qualify to be a National Certified Counselor (NCC) or Certified Clinical Mental Health Counselor (CCMHC).

For information regarding National Certified Counselor (NCC) and Certified Clinical Mental Health Counselor (CCMHC) requirements, contact: the National Board for Certified Counselors, Inc., http://www.nbcc.org/ or 336-547-060

Appendix B

CSPP Petition

INSTRUCTIONS TO THE STUDENT

To ensure adequate breadth and depth in students' programs, CSPP has outlined degree requirements, including a core of required courses. If a student has already taken graduate work in some of these required areas and feels that the program requirement would constitute a duplication, the student may petition to substitute his/her previous coursework into his/her program. The student may also petition changes in program requirements other than course substitutions.

It is the responsibility of the student to make sure that the petition form reaches the appropriate professor, the adviser, and the committee. The student should complete the petition form.

The procedure for petitioning a change in course requirements is as follows*:

1. First, meet with the professor who is teaching the course in question in order to ascertain if there would be duplication. Have him/her sign this form.

2. Next, the student will meet with her/his adviser to determine if s/he will permit the substitution. Have him/her sign this form.

3. Submit a petition to Lori Boucher, DGS Assistant.

CSPP PETITION FORM

Student's Name _____ E-mail _____@umn.edu Date _____

CSPP Status (check one): Ph.D. _____ M.A. _____

Will this change effect GPAS: Yes / No

If this changes your approved GPAS: e-mail the DGS Assistant.

Is this petition for the purpose of course substitution? If so, the professor whose course you are substituting must sign below:

From the Student:

Rationale for Course Substitution:

From the Professor:

I have reviewed the rationale for the proposed course change and approve it. It is my belief that the student has already acquired the knowledge and/or skills that are taught in my course, _____ (course # and designator) and the substitution of _____ (course # and designator) is sufficient.

Professor's signature _____ Date _____

From the Adviser: I have reviewed the above rationale as stated by the student and as approved by the above-named professor, and I am in agreement with the proposed change.

Adviser's signature _____ Date _____

Appendix F

FOUNDATIONS COURSES THAT MEET REQUIREMENTS IN LEARNING/COGNITION

As you plan your program, you should select courses that further your mastery of psychology. With this in mind, select survey courses if you have not taken previous work in an area, and select more specialized courses when you have completed a survey course in an area. Educational Psychology requirements state that if a student has not had a survey course in a required area, a course designated "survey" below should be taken to meet the requirement.

Learning/Cognition:

EPsy 5101 Intelligence and Creativity *(survey)*
EPsy 5114 Psychology of Student Learning *(survey)*
Psy 5014 Psychology of Human Learning and Memory *(survey)*

EPsy 5113 Psychology of Instruction and Technology
EPsy 5191 Education of Gifted and Talented
EPsy 5616 Behavior Analysis and Classroom Management
EPsy 8111 Seminar: Knowledge and Skill
EPsy 8112: Mathematical Cognition
EPsy 8115 Psychology of Instruction and Technology
EPsy 8116 Cognitive Processes in Reading
EPsy 8707 Principles of Behavior Analysis
CPsy 8301 Developmental Psychology: Cognitive Processes
Psy 5015 Cognition, Computation, and Brain
Psy 5054 The Psychology of Language
Psy 8042 Pro-seminar in Cognition, Brain, and Behavior

STATUS IN M.A. GRADUATE TRAINING QUESTIONNAIRE, 2018-2019
[for first year and second year non-graduating M.A. students]

Name: _____ Adviser: _____
Year started M.A. program _____ Are you in the school counseling program? Yes ___ No ___

1. Have you been enrolled in courses at the University during the past 12 months? Yes ___ No ___
   If yes, list the courses:

   If no, indicate *semester* and *year* of your last enrollment: _____

2. List *each* incomplete that you have accrued in the CSPP program and indicate the date by which you plan to complete the requirements for that course:

Course	Credits	Completion Date

3. Briefly describe your academic plans for next year.

4. What is your anticipated date of graduation? _____

5. What are your professional goals upon graduation from CSPP?

6. Indicate the total number of *direct* client contact hours that you have completed in a supervised *Counseling* experience *in your M.A. program to date*: _____

7. Did you do a practicum at any time during this academic year? Yes ____ No ____
   If yes, indicate the following:

   Name of practicum site:

   Highest degree of your primary supervisor(s):

   Credentials of primary supervisor(s) (e.g., licensure, diplomate):

   Type of setting (use employment setting codes, found after last question):

   Types of services provided (use service activity codes, found after last question):

   Types of clients served (e.g., children, adolescents, adults):

8. Do you plan to do a practicum at any time during the next academic year? Yes ____ No ____
   If yes, where will you do your practicum?

9. Please list the name of any scholarships, fellowships, travel funds, and/or professional awards that you have received during this academic year.

10. Please list any teaching experience that you had during this academic year.

11. Indicate which of the following sources of employment you held during this academic year at the University.

Position(s)	**% Time**	**% Tuition Waiver**	**# Months**	**Funding Source**
TA_____	_____	_____	_____	_____
RA_____	_____	_____	_____	_____

12. List any other employment that you held during this academic year that was not affiliated with the University.

13. Please list any papers that you presented or co-presented during this academic year at national, state, or regional conferences.

14. Please list any articles that you authored or co-authored that were published (or in press or accepted) in a professional journal during this academic year.

15. Please list any presentations or manuscripts that you submitted over the past academic year that are not included above.

16. Please briefly describe any ongoing research projects you are involved in during this academic year.

17. Are you a member or affiliate of a national, state, or regional professional/research association? Yes ____ No ____ If yes, please list.

18. Do you have or are you seeking certification as a Psychological Practitioner? Yes ____ No___

19. Do you have or are you seeking licensure as a Licensed Professional Counselor? Yes___ No___

20. Do you have or are you seeking licensure as a School Counselor? Yes ____ No___

21. Do you hold any other licenses or certifications? Yes___ No___
(If yes, please specify: _____)

Evaluation of Student Problematic Performance

Counseling and Student Personnel Psychology (CSPP)

University of Minnesota

Date _____

Name of Student _____

Name of Individual Completing This Form_____

Please circle the number which corresponds to your agreement or disagreement with each of the following items. Use the following scale: 1 = Below Expectations, 2 = Meets Expectations, 3 = Exceeds Expectations, N = No basis for evaluation.

Interpersonal Competency

STUDENT:

1 2 3 N 1. Demonstrates willingness to engage in professional interactions with persons from diverse cultures.

Comments:

1 2 3 N 2. Exhibits flexibility and responsibility concerning appointments with others.

Comments:

1 2 3 N 3. Conveys feedback to others in an appropriate manner.

Comments:

1 2 3 N 4. Exhibits willingness and ability to share knowledge with others.

Comments:

1 2 3 N 5. Exhibits cooperative behavior.

Comments:

1 2 3 N

6. Conveys an interest in the welfare of others.

Comments:

1 2 3 N

7. Demonstrates a willingness to take interpersonal risks.

Comments:

Self-Awareness

STUDENT:

1 2 3 N

8. Demonstrates an awareness of and willingness to address personal prejudices and biases.

Comments:

1 2 3 N

9. Addresses issues of conflict that arise in classes, counseling sessions, and supervision.

Comments:

1 2 3 N

10. Appears to maintain a balance between personal and academic activities in his or her life.

Comments:

1 2 3 N

11. Recognizes the link between his or her personal behaviors and their consequences.

Comments:

1 2 3 N

12. Possesses an accurate awareness of his/her strengths and limitations.

Comments:

1 2 3 N

13. Manages his/her stress effectively and appropriately.

Comments:

1 2 3 N

14. Is aware of his/her affect and its impact on him/herself and others.

Comments:

1 2 3 N

15. Accepts responsibility for her/his actions.

Comments:

Openness to Growth

STUDENT:

1 2 3 N 16. Shows willingness to appropriately disclose personal concerns that may affect professional performance.

Comments:

1 2 3 N 17. Acknowledges feedback from professors, supervisors, and peers, as evidenced by listening to, clarifying, evaluating, and implementing their feedback.

Comments:

1 2 3 N 18. Recognizes that being confronted by faculty and peers on personal or academic behavior may be an area for her/his own growth.

Comments:

1 2 3 N 19. Demonstrates a willingness to respect viewpoints that differ from his or her own.

Comments:

Professional Attitudes and Behaviors

STUDENT:

1 2 3 N 20. Understands and adheres to appropriate boundaries in the counseling relationship.

Comments:

1 2 3 N 21. Demonstrates appropriate behavior in classes.

Comments:

1 2 3 N 22. Maintains client/colleague/peer confidentiality as defined by the professional codes of ethics endorsed by the training program.

Comments:

1 2 3 N 23. Meets his/her personal and academic responsibilities in a timely and professional manner.

Comments:

1 2 3 N 24. Is capable of performing graduate level work (e.g., skills in counseling and research) in a professional manner.

Comments:

Please rate the student on the following personal characteristics relevant to the counseling profession using the following scale: 1 = Below Expectations, 2 = Meets Expectations, 3 = Exceeds Expectations, N = No basis for evaluation.

1 2 3 N	1. Openness
1 2 3 N	2. Flexibility
1 2 3 N	3. Positive attitude
1 2 3 N	4. Cooperativeness
1 2 3 N	5. Reliability
1 2 3 N	6. Emotional stability
1 2 3 N	7. Ability to manage stress
1 2 3 N	8. Ability to process conflict
1 2 3 N	9. Respect for differences
1 2 3 N	10. Ability to express feelings appropriately

Date: _____

Additional Criteria for Evaluation of Student Problematic Performance:

1. Openness to new ideas (rated from Closed [1] to Open [5])		
Was dogmatic about own perspective and ideas. Ignored or was defensive about constructive feedback. Showed little or no evidence of incorporating constructive feedback received to change own behavior.	Was amenable to discussion of perspectives other than own. Accepts constructive feedback without defensiveness. Some evidence of effort to incorporate relevant feedback received to change own behavior	Solicited others' opinions and perspectives about own work. Invited constructive feedback, and demonstrated interest in others' perspectives. Showed strong evidence of incorporation of feedback received to change own behavior.
2. Flexibility (rated from Inflexible [1] to Flexible [5])		
Showed little or no effort to recognize changing demands in the professional & interpersonal environment. Showed little or no effort to flex own response to changing environmental demands. Refused to flex own response to changing environmental demands despite knowledge of the need for change. Was intolerant of unforeseeable or necessary changes in established schedule or protocol.	Effort to recognize changing demands in demands in the professional & interpersonal environment was evident but sometimes inaccurate. Effort to flex own response to new environmental demands was evident but sometimes inaccurate. Flexed own response to changing environmental demands when directed to do. Accepted necessary changes in established schedule or protocol, but without effort to understand the reason for them.	Showed accurate effort to recognize changing demands in the professional & interpersonal environment. Showed accurate effort to flex own response to changing environmental demands as needed. Independently monitored the environment for changing demands and flexed own response accordingly. Attempts to understand needs for change in established schedule or protocol to avoid resentment. Accepted necessary changes in established schedule and attempted to discover the reasons for them.
3. Cooperativeness with others (rated from Uncooperative [1] to Cooperative [5])		
Showed little or no engagement in collaborative activities.	Engaged in collaborative activities but with minimum allowable input.	Worked actively toward reaching consensus in collaborative activities.

Undermined goal achievement in collaborative activities. Was unwilling to compromise in collaborative activities.	Accepted but rarely initiated compromise in collaborative activities. Was concerned mainly with own part in collaborative activities.	Was willing to initiate compromise in order to reach group consensus. Showed concern for group as well as individual goals in collaborative activities.
4. Willingness to accept and use feedback (rated from Unwilling [1] to Willing [5])		
Discouraged feedback from others through defensiveness and anger. Showed little or no evidence of incorporation of feedback of supervisory feedback received. Took feedback contrary to own position as a personal affront. Demonstrated greater willingness to give feedback than receive it.	Was generally receptive to supervisory feedback. Showed some evidence of incorporating supervisory feedback into own views and behaviors. Showed some defensiveness to critique through "over-explanation" of own actions--but without anger. Demonstrated greater willingness to receive feedback than to give it.	Invited feedback by direct request and positive acknowledgement when received. Showed evidence of active incorporation of supervisory feedback received into own views and behaviors. Demonstrated a balanced willingness to give and receive supervisory feedback.
5. Awareness of own impact on others (rated from Unaware [1] to Aware [5])		
Words and actions reflected little or no concern for how others were impacted by them. Ignored supervisory feedback about how words and actions were negatively impacting others.	Effort to determine how own words and actions impacted others was evident but sometimes inaccurate. Respond as necessary to feedback regarding negative impact of own words and actions on others, but at times, with resentment.	Effort toward recognition of how own words and actions impacted others was impact on others through words and actions. Initiates feedback from others regarding impact of own words and behaviors. Regularly incorporates feedback regarding impact of own words and behaviors to effect positive change.
6. Ability to deal with conflict (rated from Unable [1] to Able [5])		
Was unable or unwilling to consider others points of view.	Attempted but sometimes had difficulty grasping conflicting points of view.	Always willing and able to consider others points of view.

Showed no willingness to examine own role in a conflict. Ignored supervisory advisement if not in agreement with own position. Showed no effort at problem solving. Displayed hostility when conflicts were addressed.	Would examine own role in a conflict when directed to do so. Was responsive to supervision in a conflict if it was offered. Participated in problem solving - when directed.	Almost always willing to examine own role in a conflict. Was consistently open to supervisory critique about own role in a conflict. Initiated problem solving efforts in conflicts. Actively participated in problem solving efforts.
7. Ability to accept personal responsibility (rated from Unable [1] to Able [5])		
Refused to admit mistakes or examine own contribution to problems. Lied, minimized or embellished the truth to extricate self from problems. Consistently blamed others for problems without self-examination.	Was willing to examine own role in problems when informed of the need to do so. Was accurate and honest in describing own and others roles in problems. Might blame initially, but was open to self-examination about own role in problems.	Monitored own level of responsibility in professional performance. Invited constructive critique from others and applied it toward professional growth. Accepted own mistakes and responded to them as opportunity for self-improvement. Avoided blame in favor of self-examination.
8. Ability to express feelings effectively and appropriately (rated from Unable [1] to Able [5])		
Showed no evidence of willingness and ability to articulate own feelings. Showed no evidence of willingness and ability to recognize and acknowledge the feelings of others. Acted out negative feelings (through negative behaviors) rather than articulating them. Expressions of feeling were inappropriate to the setting.	Showed some evidence of willingness and ability to articulate own feelings, but with limited range. Showed some evidence of willingness and ability to acknowledge others' feelings--sometimes inaccurate. Expressions of feeling usually appropriate to the setting--responsive to supervision when not.	Was consistently willing and able to articulate the full range of own feelings. Showed evidence of willingness and accurate ability to acknowledge others' feelings. Expression of own feelings was consistently appropriate to the setting. Initiated discussion of own feeling in supervision.

Was resistant to discussion of feelings in supervision.	Willing to discuss own feelings in supervision when directed.	
9. Attention to ethical and legal considerations (rated from Inattentive [1] to Attentive [5])		
Engaged in dual relationships with clients. Acted with prejudice toward those of different race, culture, gender, or sexual orientation than self. Endangered the safety and the well-being of clients. Breached established rules for protecting client confidentiality.	Was responsive to supervision for occasional personal-professional boundary confusion in verbal interactions with clients. Was responsive to supervision for occasional insensitivity to diversity in professional interactions. Used judgment that could have put client safety and well-being at risk. Used judgment that could have put client confidentiality at risk.	Maintained clear personal-professional boundaries with clients. Demonstrated consistent sensitivity to diversity. Satisfactorily ensured client safety and well-being. Appropriately safeguarded the confidentiality of clients.
10. Initiative and motivation (rated from Poor Initiative and Motivation [1] to Good Initiative and Motivation [5])		
Often missed deadlines and classes. Rarely participated in class activities. Often failed to meet minimal expectations in assignments. Displayed little or no initiative and creativity in assignments.	Missed the maximum allowable classes and deadlines. Usually participated in class activities. Met only the minimal expectations in assigned work. Showed some initiative and creativity in assignments.	Met all attendance requirements and deadlines. Regularly participated in class activities. Met or exceeded expectations in assigned work. Consistently displayed initiative and creativity in assigned work.
