Sam Saves a Squirrel – Oral Reading

Sam and his mother just moved to a big city. He was new to the city, and 17
had not met any other children. He wanted to make some new friends soon. To 32
pass the time, he watched squirrels gather nuts and build nests in the trees in the 48
local park. 50

On Monday, Sam went to work with his mother, and met her new boss's 64
son, Ben. Both boys were friendly, and soon they began to talk about animals. 78

"I like to watch the squirrels in the park near my apartment," Sam told Ben. 93

"I like squirrels, too," said Ben. "Actually, I saw one sleeping on the 106
sidewalk on my way in." 111

"Huh, that's odd," said Sam. "I thought squirrels usually slept in trees." 123

"Let's check the internet and see if we can find out more about where 137
squirrels are supposed to sleep," Ben suggested. 144

They borrowed Ben's mom's laptop, and searched online for some 154
information about squirrels. They learned that squirrels don't usually sleep on 165
the ground. 167

"Maybe the squirrel you saw is injured," said Sam. 176

They decided to call the city park zoo and ask for help. The park zoo sent an 193
expert to examine the squirrel. She determined it was injured and took it to the 208
zoo hospital. 210

"I'm glad we were able to help the squirrel," said Ben. 221

"Yeah, so am I!" agreed Sam. He was glad he met Ben, too. He thought it 237
had been a terrific day. 242

Clara Barton – Oral Reading

Clara Barton was born on a farm in Oxford, Massachusetts in 1821. As a 14
child, she wanted to help others. She treated pets that were hurt and cared for her 30
brother who fell from a barn. 36

Clara was a teacher. She taught school for 14 years. She taught at a private 51
school and was paid by the children's parents. It made her sad to see other 66
children whose parents could not afford to pay a teacher. She offered to teach 80
those children without pay. The town provided a place for her to teach, and she 95
soon had 600 students! 99

The Civil War started. Clara wanted to help the soldiers. She asked people to 113
give money to help. She made bandages out of sheets and towels for soldiers who 128
were hurt. 130

She cared for many soldiers. People called her the *Angel of the Battlefield*. 143
She almost lost her life in the war. Still, she kept working. She comforted the 158
soldiers and made food for them. She searched for missing soldiers. After the Civil 172
War, she helped many soldiers find their families again. 181

In 1881**,** Clara started the American Red Cross. At first, the Red Cross only 195
helped soldiers in need. Clara saw that other people needed help when there 208
were floods, earthquakes, and other disasters. 214

The Red Cross still helps many people in need. The next time you hear about 229
the Red Cross helping people, remember the brave woman who started it all. 242
