Navigating the Teaching M.Ed. Application

The Apply Yourself application is used for many graduate programs at the University of Minnesota. However, not all sections that appear on the application are required for the Teaching M.Ed. program.

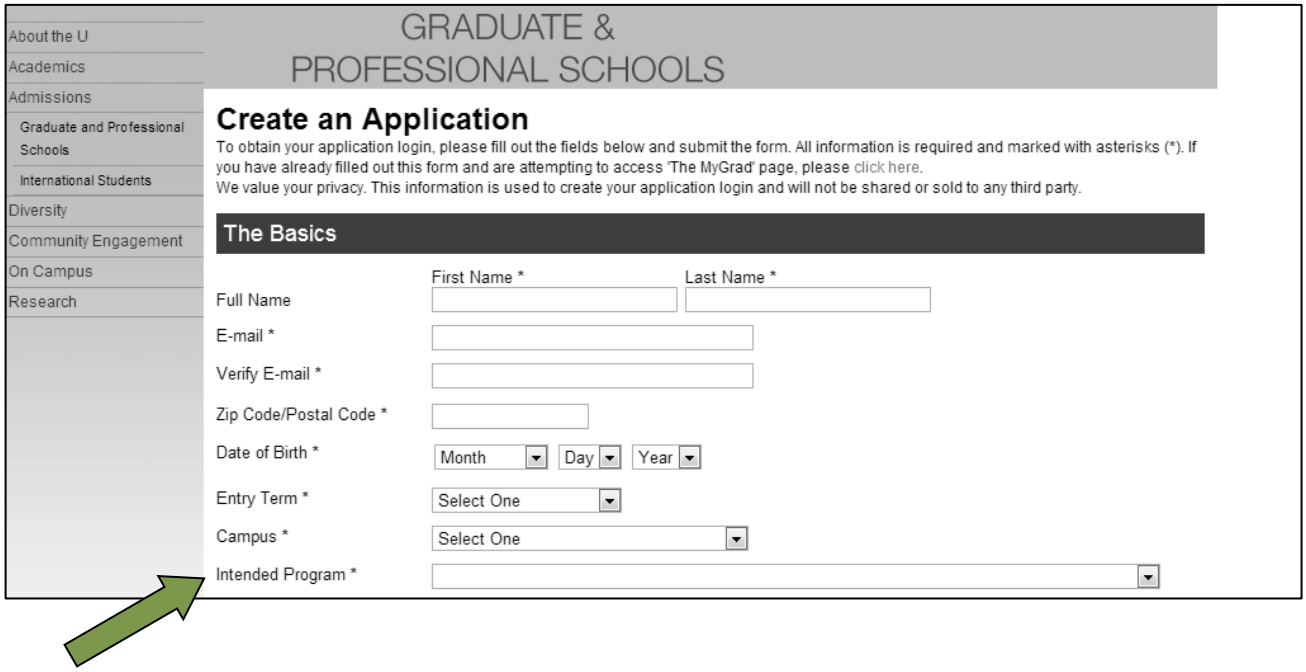

The application opens **October 1** and the deadline is **December 15**.

Application link and instructions and are located on the Curriculum & Instruction Department website: **www.cehd.umn.edu/ci/Academic-Programs/Teach/Admission.html**. Select your license area, and navigate to the Admission Information on the right side of the page. Click the "Apply Online" link located in the How to Apply section.

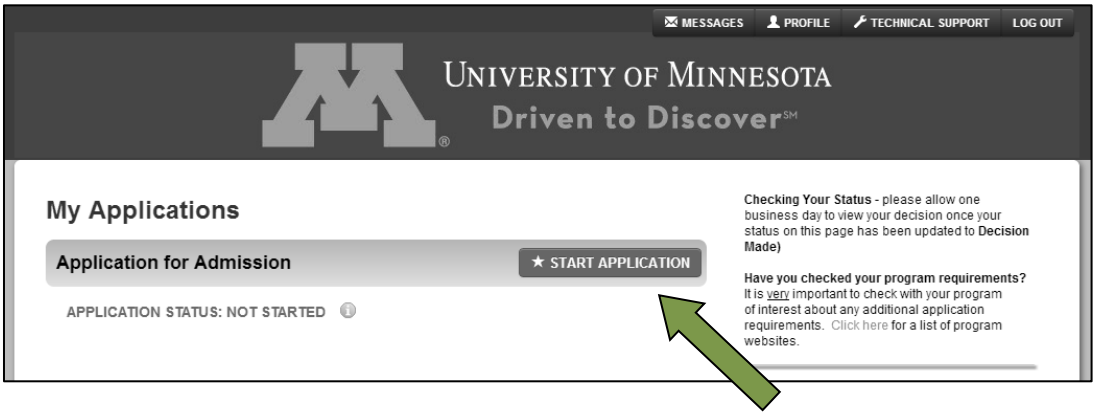

On the home screen of the application system, click the "Create an Account" tab to begin the process.

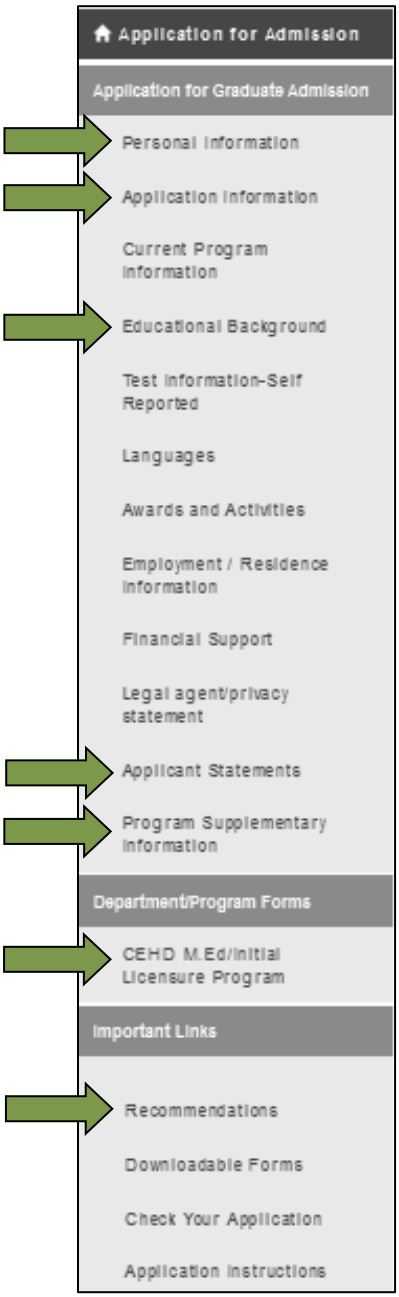

For the Intended Program, scroll to the section in the drop-down menu that begins with "*Teaching Med ILP*", and select the appropriate license area. See page 4 of this document for a chart outlining the full title for each teaching area and the corresponding entry term options. NOTE: for Science and Second Languages Education, you will select a more specific teaching concentration within a different section of the application.

Once you submit this information, you will receive a confirmation email with your username listed. **Keep the email for future reference**. When you log in, accept the Terms of Use and begin the application by clicking the Start Application button.

Sections you must complete are:

- Personal Information
- Application Information
- Educational Background
- Applicant Statements
- Program Supplementary Information (resume)
- The CEHD section (complete Application Information section first)
- Recommendations

Optional sections are:

- Test Information-Self Reported (for non-native English speakers only)
- Languages (if you speak more than one language, list it here)
- Legal Agent/Privacy Statement

1. Personal Information

Fill out all fields as required. If you are a U of MN student, list your U of MN email address in the email section. Once complete, click "Save and Continue" at the bottom of the page. This will bring you to the next section, Application Information.

2. Application Information

Fill out all fields as required. Some tips for this section:

- U of MN Graduate Status = New Applicant
- Proposed Major & Degree Objective = this is the same degree you listed when starting the application; refer to the chart on page 4
- Proposed Term of Entry = refer to the chart on the last page (NOTE: most programs only admit for summer)
- Campus you will be attending = Twin Cities

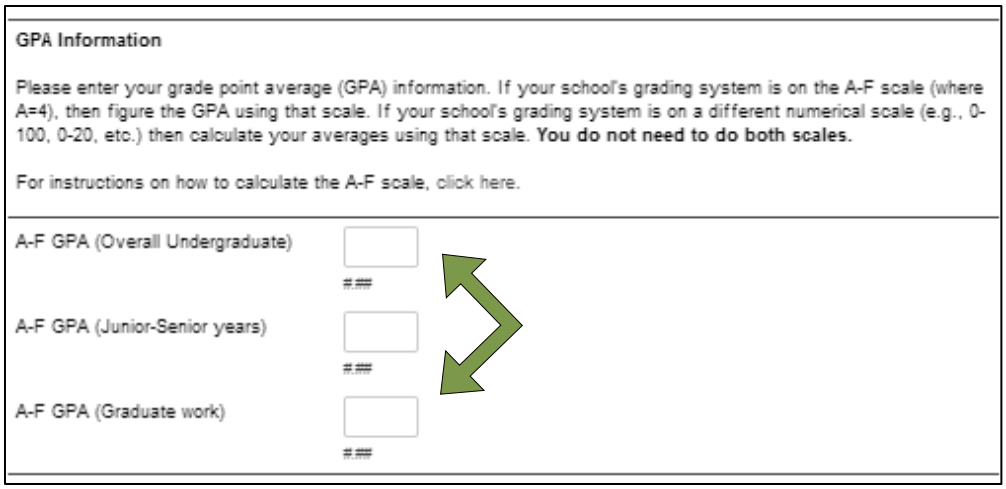

Once complete, click "Save and Continue" at the bottom of the page. This will bring you to the next section, Educational Background.

3. Educational Background

List each college/university you've attended (including the University of Minnesota if applicable) and upload an unofficial transcript for each school. You can scan a copy of your transcripts, or download an electronic copy from your school's website. If you are a U of MN student, you will need to copy your unofficial transcript and paste it into a Word document (the AY system doesn't recognize the format in which the unofficial transcripts are saved when downloaded). Upon admission, you will need to submit official transcripts for each institution listed, with the exception of those from any U of MN campus.

International students: you must also upload a course by course evaluation of your transcripts. We accept reports from any of the credential agencies listed at www.NACES.org.

The education section is quite long, and you'll need to scroll down to the bottom to enter your GPA.

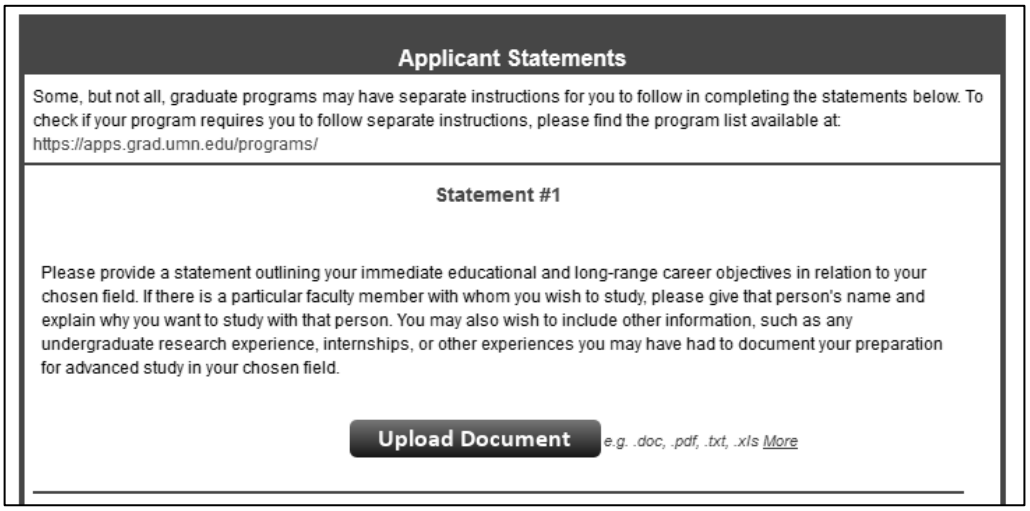

- If you have completed an undergraduate degree, list your final GPA in the A-F GPA (Overall Undergraduate) space.
- If you are still working on your undergraduate degree, list your cumulative GPA as it appears on your transcript at this time in the A-F GPA (Overall Undergraduate) space.
- If you have completed any graduate work, list your undergrad degree GPA in the A-F GPA (Overall Undergraduate) space and your graduate GPA in the A-F GPA (Graduate Work) section.

This is the only thing you need to enter regarding GPA, skip the rest of the boxes. Once complete, click "Save" at the bottom of the page and then move to the Applicant Statements section, using the navigation on the left tool bar.

4. Applicant Statements

There is one essay for the Teaching M.Ed. program, and the prompt is found on the Curriculum & Instruction Department website: www.cehd.umn.edu/ci/Academic-Programs/Teach/Admission.html. DO NOT FOLLOW THE PROMPT IN THE APPLICATION SITE. Your answer should be no more than 5 pages, standard font size, and double-spaced. Upload the essay into the "Statement #1" section.

5. Program Supplementary Information

Upload your résumé into the "résumé or CV" section. It should be tailored to highlight your experiences and achievements working with children and youth and any time you've spent in a classroom/teaching setting.

6. Department/Program Forms :: CEHD M.Ed./Initial Licensure Program

The following items are entered in this section:

- Any prerequisite coursework in progress or planned for the semester(s) prior to starting the program; list institution, term, course number, and course name

- Specific teaching area selection for Science and Second Languages & Cultures applicants

7. Recommendation

The program requires one letter of recommendation; and it should be from someone who can speak to your work with children/youth and/or who can vouch for your commitment to educational equity. We **do not** accept paper letters, so you must select "YES" for the question "Will this provider be submitting the letter of recommendation online?"

Your recommender will receive an email with instructions; please let them know they can skip the "Qualities to be Ranked" section as they only need to upload their letter.

Other Things to Note

If there are extenuating circumstances you want to explain (such as a GPA that doesn't meet minimum standards), you are welcome to upload a statement in the Applicant Statements section under "extenuating circumstances." Although your circumstances will be taken into consideration, it does not guarantee the basic admission criteria will be waived.

Teaching Area Application Codes		
Art Education	Teaching MEd ILP –Art Ed	Summer start only
Elementary Education	Teaching MEd ILP –Elementary Ed	Summer start only
English Education	Teaching MEd ILP –English Ed	Summer start only
