2	How much time, on average, did it take you to prepare for each session during **Days 4 through 9**, which were the ***stories***, Emperor and Little Singing Frog? *(If it changed over time, check multiple boxes and **note when the change occurred**.)* ☐15 min or less ☐16-30 min ☐31-60 min ☐more than 60 min ☐Not applicable (did not implement Days 4-9)

4	Think about other times you have implemented a new intervention. How did the preparation time for the In-the-Text Connections intervention compare to preparation time for other interventions of approximately the same length (30 min, 3 times per week)? ☐Preparing for In-the-Text Connections usually took MORE time. ☐Preparing for In-the-Text Connections took ABOUT THE SAME time. ☐Preparing for In-the-Text Connections took usually took LESS time. ☐Not applicable (I haven't implemented other interventions.)
5	Do you think the preparation time was ***doable*** for implementation in schools? Please explain.

6 Please comment on how well the workshop prepared you to deliver the intervention.

7 Please comment on how comfortable you were in delivering the intervention.

8 How could we have made you feel more comfortable about implementing the intervention?
