How to Help Correct Words

1. **Track** each word while your partner is reading the story.
2. **Stop** your partner when they:
   - misread a word
   - skip a word, or
   - pause for more than 4 seconds
3. **Point** to the word and
   - **Say**: *Can you figure it out?*
   - **If not, say:** *The word is _____. What word? _____ Good!*
4. Then have your partner **read** the sentence over.
   - **Say:** *Now read the sentence again.*

******** If your partner adds a word, don't correct them. Let your partner continue to read.********
