"I love to watch the wild dolphins swimming along the shore," Annie told Sue.

"Me, too!" said Sue. "In fact, I saw one swimming all by itself, just this morning."

"Hmm, that's strange," said Annie. "I thought dolphins usually swam in groups." **B**

The Dragon in the Forest – Oral Reading

Once upon a time, a king and his three daughters lived in a castle near a 16
forest. A mean dragon had moved into the forest over the winter. Now it was the 32
beginning of spring, and the girls were excited to go outside. The king ordered 46
them to stay in the castle. 52

"I'm so tired of being cooped up in the castle," said the oldest girl to her 68
sisters when her father wasn't listening. "Let's sneak outside and explore the 80
forest." 81

They had so much fun in the forest. They saw some baby animals, smelled 95
the flowers, and climbed trees. The court Jester saw them leave the castle. He 109
told the king they had disobeyed him. The king was very worried and called for his 125
three most trusted knights. 129

"Go out at once and search for the girls, and bring them home," he 143
ordered. 144

It was getting late, and the girls were heading home. Suddenly they heard a 158
strange, loud noise behind them. Before they could decide what to do, the dragon 172
burst out. 174

"Help!!" screamed the girls, and they tried to run away. The dragon 186
captured them and took them to his cave. 194

The three knights were close by and heard their screams. They ran to the 208
dragon's cave and fought until he surrendered. They rescued the girls and 220
brought them back to the castle. The king was relieved that his daughters were 234
safe, and the daughters agreed to never disobey him again. 244
