SCAFFOLDED FEEDBACK PROMPTING SHEET

A	B	C	D	**Correct Response: CHECK (√) IF STUDENT PROVIDES AN ACCURATE RESPONSE; PROVIDE CORRESPONDING FEEDBACK.**
				Correct: 1. **Your connection makes sense!** 2. *Provide specific feedback; (e.g.,* ***You remembered to use the word BECAUSE; You used your own words****.)*
A	**B**	**C**	**D**	**Needs Scaffolding: Provide up to 2 additional opportunities to make the right connection. Check (√) the corresponding box(es) for each prompt (no more than 2).**
				Partially correct answer for a 2-part connection, or answer is on the right track but not quite right 1. **Your connection makes sense/is on the right track** *(restate correct part of answer if needed)***, but you're missing an important part of the connection.** 2. ***What (ELSE) does it say in the text about why*** *[insert question]****,*** *OR ask follow-up* ***Why*** *questions. If needed, you may also ask* ***Who, What, When, Where, How****.. questions.* 3. *Let student respond****.*** 4. **Ok then, why** *[insert question]? NOTE: student who made initial attempt to respond should have a chance to make the final connection.*
				Overly lengthy answer: 1. **You just said a lot**. 2. **Now, try to make your connection shorter, by saying the most important reason why** *[insert question].*
				In text but not correct: 1. **You connected to the text, but that doesn't make sense for why** *[insert question].* 2. **What ELSE does it say in the text about why** *[insert question]*?
				NOT in text, not correct: 1. **That makes sense/might be true, but didn't happen in the text. Remember we are making In-the-Text connections, so we need to connect to something in the text.** 2. **Use the text to explain why** *[insert question]?*
A	**B**	**C**	**D**	**Needs Modeling: Provide teacher modeling on back of question card. Then, check (√) the appropriate box.**
				Correct after modeling: **NOW your connection makes sense!**
				Incorrect after modeling: *(Provide the correct connection)*
