Session #:

Students present:

Length of session (minutes):

Questions answered:

Questions requiring modeling:

What worked well about today's session in terms of ease/clarity of implementation and facilitating student comprehension?

What was difficult or unclear about implementing today's session? What aspects of the session did students have trouble understanding?

Would you change any aspects of the ROR intervention based on today's session? If so, what would you change and how would you change it?
