TRIO UPWARD BOUND

VOLUME 6, ISSUE 2

TRIO Upward Bound Celebrates 50 Years!

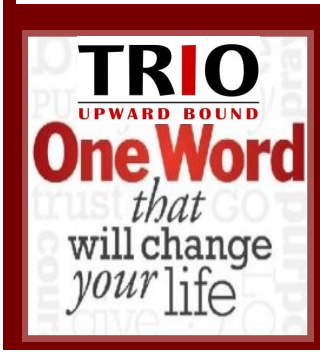

TRIO Upward Bound has come a long way since the days of posting program news and updates on bulletin boards. We now utilize websites, social media, emails and still paper newsletters! We continue to have the same impact regardless of the differences in communication and reach to our students. This fall, TRIO UB at the University of Minnesota celebrated its 50th year of supporting students in the Minneapolis School District as they work to achieve their dreams of graduating high school and college. TRIO UB was born out of Lyndon B. Johnson's War on Poverty in 1964 and has been working to help create increased educational access to low-income, first generation high school students since 1966. The TRIO mission statement at the University clearly states the accomplished work that has been done over the past 50 years, and the goals we have for the future of the 118 students we serve each year.

> ***"Grounded in the civil rights movement, University of Minnesota TRIO programs in the College of Education and Human Development strive to ensure equal opportunity and equitable access to higher education along the educational continuum for underrepresented students, specifically those who are low income, first generation, and have disabilities. We promote retention and graduation through advising, academic support, mentoring, and advocacy, thereby cultivating a space for collegiate success and local and global community engagement."***

We are proud to be a part of a 50 year TRIO legacy at the University of Minnesota and hope to continue to serve students for another 50 years!

TRIO UB celebrated 50 years of supporting students this past September. We have an impact each day, and we hope you'll see that impact throughout this newsletter in the way students and staff describe TRIO UB in one word.

If I had to describe TRIO UB in one word, it would be _____.

CEHD COLLEGE OF EDUCATION + HUMAN DEVELOPMENT UNIVERSITY OF MINNESOTA

TRIO UB Welcomes Staff, Old and New!

New Advisor, Doua Yang

Doua is a proud TRIO graduate from the University of Minnesota Twin Cities, where she studied Family Social Science and Social Justice. At her graduation in May 2013, she celebrated being the first woman in her family to obtain a college degree! Growing up with immigrant parents and fifteen siblings, Doua values the importance of education, relationships, community, and inclusion.

After college, Doua followed her passion for youth work to Harding Senior High School to work as a College Possible senior coach through AmeriCorps. She assisted students in building resumes, essay-prompt writing, college readiness workshops, and the college transition process. She then moved on to a student support role at Breakthrough Twin Cities. Doua is excited to join the TRIO Upward Bound team at the University of Minnesota this year-she is happy to be back home!

In her spare time, Doua enjoys traveling, exploring National Parks & hiking, although she is scared of heights and is not athletic. She also loves trying new restaurants, especially authentic Mexican and Thai food! On weekends, football is mostly on TV. Doua also enjoys watching crime/murder mystery shows on Netflix, and spending time with her enormous family!

New Director, Tricia Wilkinson

Tricia became Director of TRIO Upward Bound in the fall of 2016. Previously, she had served as the Academic Services Coordinator since 2009. Tricia's role as the Academic Services Coordinator was to ensure that TRIO Upward Bound curriculum is well developed and implemented and that all academic staff were properly trained and prepared to provide the best services to students. This role helped prepare her to lead the TRIO Upward Bound program and staff. Tricia is passionate about serving youth, educational access, and the growth and development of young people. Her 15 years of experience coordinating programs, event planning, community outreach and supervising large teams has prepared her to lead TRIO UB.

Tricia graduated from the College of Liberal Arts at the University of Minnesota with a BA in Psychology in 2004. She later earned her Master's of Education from the College of Education & Human Development at the University of Minnesota in 2013.

In Tricia's free time, she loves spending time with friends & family, trying new restaurants, and spending quality time with Netflix. :) She also loves to try new adventures, like zip-lining through mountains in Vancouver, CA!

New Academic Services Coordinator, Max Hollenback

Max Hollenback grew up in Tucson, Arizona and attended the University of Arizona. He majored in East Asian Studies with a focus on Japanese Religion and Thought. After graduation, he spent five years living and teaching English in Nagasaki, Japan. Max taught at a kindergarten, three elementary, and three middle schools while there. When he came back to America, he started working for TRIO Upward Bound.

Max has been with the UB program since 2010. For three years he worked as the English instructor during the academic year for the 10th grade writing class. During that time he got his graduate degree in education from Hamline University. For the past three years Max has held the full time position of College Access Advisor at Edison and Patrick Henry as well as coordinated the summer Residential program. Recently Max was given the opportunity to interview for a new role in UB. Max is proudly serving TRIO UB students as the program's Academic Services Coordinator.

TRIO 50-40-25 Gala Highlights

On September 22, 2016, TRIO programs at the University of Minnesota celebrated three distinct milestones: **Upward Bound celebrated 50 years**, Student Support Services celebrated 40 years, and the McNair program celebrated 25 years of serving students. This celebration provided all attendees with the opportunity to reflect on the past, acknowledge alumni accomplishments, and look forward to the future and the possibilities it may bring for students, staff, and the community.

For Students, By Students

TRIO UB students helped prepare for the Gala by contributing their artistic talent. Many UB students spent time painting letters that spelled out "TRIO". This was auctioned off as part of the collection of items sold to raise money for TRIO student scholarships. Painting the letters was a time for them [students] to reflect on their experience with TRIO. Their designs on the letters represent what TRIO has meant to them and expresses their positive memories. Thanks to UB students Asanti, Hodan, Alexa, and Suadi for their work on letters pictured here!

An Alum's Perspective

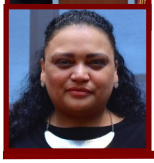

Past and present students, staff, and community partners were invited to celebrate the 50th year of TRIO Upward Bound, as well as the anniversaries of other TRIO programs. Derran Bedward, a UB and SSS alum who graduated from the University of Minnesota, was one of the Emcee's for the event. He believes the Gala was important because "through celebration, we are able to give thanks to what TRIO has done for us along with spread the great news of TRIO." (pictured left: Candace Bunyan, UB alum and co-emcee)

Awards and Achievements

TRIO alumni from all three programs were acknowledged for their hard work and accomplishments. Louis Vosika-Weir, Maisue Xiong Thao, Courtney Bell and Joyce Bell were all recognized as "TRIO Achievers" for their contributions to their communities and commitment to educational equity and TRIO. The TRIO Legacy Award was also awarded to Bruce and Sharyn Schelske for their dedication and continued commitment to TRIO students and UMN programs. Congressman Keith Ellison was also awarded the "TRIO Champion" award for his continued advocacy in District 5. On behalf of the TRIO 50-40 -25 Gala planning committee, we want to thank all awardees for their dedication, diligence and commitment to contribute back to TRIO communities. Thanks to all for supporting TRIO!

TRIO = FAMILY

Gala attendees from all programs had the opportunity to reflect about and then describe what TRIO means to them. The word "family" comes up a lot when talking about TRIO programs. Nate Whittaker, TRIO SSS advisor (pictured right) is not the only one who agrees. Makayla Imrie (pictured right), a UMN senior and UB Program Assistant, discovered her passion for education while working with TRIO UB. "It's so easy to be yourself and find your place here. I'll feel part of the TRIO family forever."

Academic Services

All academic support services are offered each week in Appleby Hall 103 & computer lab 128
128 Pleasant Street SE, Minneapolis, MN 55455 | 612-964-6312

Class and Tutoring Updates

A special congratulations to Asha Farah, a 12th grade student from South who won the "Beat the Odds" Scholarship this year. Well done!

The goal of the 10th grade composition class is to improve students' abilities to compose the three most common writing forms they are likely to encounter in school and on standardized tests: narrative, persuasive, and research essays. The first type we started on was narrative writing. The final narrative essay they wrote was how they would answer the question, "Who are you?" Students were free to answer that question any way they wanted. Some students wrote about who they are racially/ethnically, some wrote about who they want to be, and some wrote about what society or parents say they are. Their essays were excellent and allowed me to learn a lot about them.

Rod Lauture, Instructor
10th Grade English Language Composition

The Upward Bound juniors have had a busy month preparing and practicing for the ACT. Since October, we focused our attention on strategies and tips relating to the English and Math sections of the ACT. We just finished our Math mastery test this past week with significant improvements across the board. Three shout outs go to **Alan Yang** who increased his English score by nearly 30%, **Der Her** who increased her math section score by nearly 20%, and **Freddy Sibri** who saw almost a 25% increase. Everyone has worked so hard and I am proud of everyone's hard work in class! Let's keep up the great work!

Alyssa Yff, Instructor
11th Grade ACT Prep & Career Exploration

This year's seniors have been on point with their College, Scholarships and Financial Aid Applications. Almost every student has applied to at least 2 schools, and 12 students have already been accepted to a college or university. Most students have applied to at least two scholarships, and two seniors are finalists for the Act Six Scholarship. Students are going to have to buckle down for this last semester so that they can meet the goal of applying to at least 8 scholarships. Keep up the good work seniors!

Max Hollenback and Doua Yang, Instructors
12th Grade College Planning

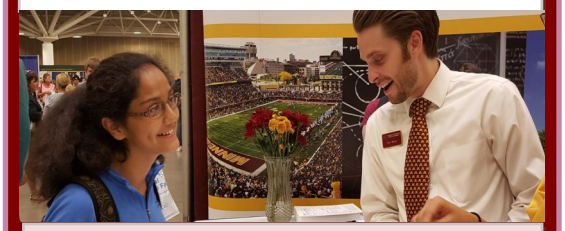

This last quarter a team of 10 tutors worked diligently to assist nearly 30 students from 4:00 to 5:30 pm, Monday to Thursday. Tutors provide assistance in a variety of subjects, from Geometry to AP Environmental Science to Psychology. Many students were able to raise their grades and GPA by coming each week! The other students could improve their attendance and overall program percentage. The seniors have been using tutoring time to get extra help with scholarships and college applications.

Max Hollenback,
Academic Services Coordinator

National College Fair 2016

Students shared their 2016 National College Fair experience:

"It was very nice to see all the colleges there to help us with how to get it. It was nice to get information and made me think about my options." -Soria S.

"The college fair was fun! I learned a lot from all the colleges that I went to talk to. A college that I found interesting was St. Kate's ."

"I got to know more about the colleges I was interested in and it made me more wary to go to some which is good because I know I wouldn't like a certain aspect." -Suadi M.

"I liked a lot of different colleges and there were many to look at from Minnesota and the Midwest but I would like to see the west and east coast."

"The trip to the college fair was interesting as I was able to see many colleges that I'm now interested to go to." -Ger L.

On October 4th, TRIO Upward Bound students and a handful of staff participated in the NACAC National College Fair held at the Minneapolis Convention Center. This year 17 sophomores, 13 juniors, and 4 staff ate dinner at Appleby Hall before travelling to the fair. They ate a delicious Taco Bar provided by Boca Chica Mexican Restaurant. After dinner, students received folders with multiple college comparison worksheets. Once they arrived at the convention center, the students were tasked with the goal of filling out at least 5 comparison sheets.

Students had an hour and a half to talk to college representatives and complete their worksheets. Some of the College Reps commented that our students asked some difficult questions. But, students were able to get detailed information about colleges' resources, admissions, and statistics. They also collected brochures and other informational materials provided by the college reps. TRIO Upward Bound knows that that this opportunity is an excellent way for students to learn about different types of colleges, and helps them narrow down their top choice of schools.

Colleges and Universities UB students are interested in:

University of Wisconsin Stout

University of Wisconsin River Falls

St. Cloud State University

Augsburg College

NDSU North Dakota State University

Hamline University

UMD

"Education is our passport to the future, for tomorrow belongs to the people who prepare for it today." -Malcolm X

Mock ACT

10th & 11th graders taking the ACT

10th and 11th grade students sat down to test their skills during the Mock ACT at 8am on October 15th. Students had the opportunity to practice their test-taking skills on this day and discover what a real ACT test looks like. Each week in the ACT Prep course that juniors take, they learn about the test and ways to improve their score before the actual test at school in February. To celebrate all of their hard work, students enjoyed a catered lunch afterwards. We wish the junior class good luck as they look forward to taking their ACT tests this spring!

FEED YOUR BRAIN, AND YOUR BELLY!

Student Parent Education Workshop

On November 12, 2016, TRIO Upward Bound hosted their first Student Parent Educational Workshop of the 16-17 academic year! Students in grades 10 and 11 and their parent/guardian (s) explored the necessary steps to get on the college path by navigating school options and discussing the admissions process. Max Hollenback led the 10th grade session: The Road to College, Who's Driving? In his session, students mapped out what to expect and the possible "bumps in the road" while on the college path.

Parents were also able to guide students through a fun blindfold activity and discuss solutions and strategies in being accountable, efficient, and successful.

Sunny Kase, a Private Colleges representative, led the 11th grade session. She discussed with parents the requirements and challenges of the admissions process at private schools. Students and parents were able to learn what was necessary to complete, why specific procedures and documents were needed, and the importance of timeliness. Parents also took home an information packet filled with all private colleges in Minnesota, costs and affordability, and career exploration prep.

Parents guide students through the blindfold activity

Caroline drawing our her road to college

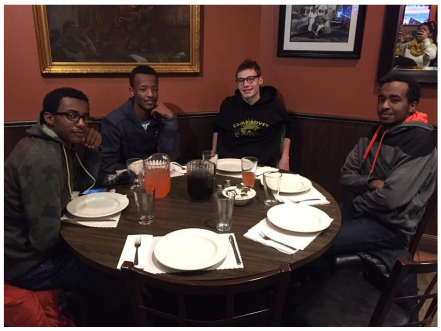

After her session, Sam Hansen, Tutoring Coordinator, led a student panel with current UB college students and UB student staff. Parents and students were able to discuss questions and receive advice about college life, the decision process and learn from students living out the experience now.

Overall, facilitators and student panelists were authentic, informative, and articulate. Their conversations were family oriented and student-focused! Students and parents enjoyed having a structured time to interact, learn, and have discussions about college!

-Doua Yang, Advisor

Winter Celebration

Zablon, Beris, Eli and Kalkidan wait patiently for dinner at Vesicio's Italian Restaurant in Dinkytown before heading off to a night of fun at Roller Garden.

Advisors, Doua Y. and Max H. spent time with students (Der, Kia) and staff (Kristy) at Roller Garden. They were impressed with students' skills in the roller races and the chicken dance!

Students saw how their TRIO family is literally there to pick them up when they're down.

Students like Caliyah (below) had a lot of fun skating at Roller Garden.

The Winter Celebration event is a time to celebrate the hard work of our students and staff. This year, we had 29 students who received 80% and above for their efforts and participation in the TRIO UB program! A special congratulations goes out to the students pictured below for the work they've put into achieving their goals of graduating high school and going to college!

Students with 80%...Yeah!

Students with 90%...Woohoo!

Students with 100%...Congrats!

Students began the Winter Celebration at Vesicio's Italian Restaurant in Dinkytown for dinner where UB recognized students and staff. They finished the night at Roller Garden in St. Louis Park where they enjoyed some yummy desserts and a chance to bond with fellow students and staff.

TRIO ALUMNI SPOTLIGHT:

Daisy Hidalgo

- Graduate of the University of Minnesota, College of Liberal Arts
- Major: Political Science & Chicano Studies, Fall 2014
- Edison High School, 2010

What are some of your best memories of Upward Bound?

Living with the students that I had classes with was such a wonderful and fun experience. I still stay in touch with my fellow UB family.

If you had to describe TRIO UB in one word, what would it be?

Opportunity

Describe your life now. What are you doing? What are your passions? Do you think TRIO UB has impacted your trajectory?

I recently moved to Boston, Massachusetts to start a new job at Boston College Law School. I work as a paralegal, and I really enjoy the work that I do. I have always been passionate about helping people out and my current job allows me to do that. Our main focus at the firm is helping people out who need legal assistance, but who also have limited resources, and all the work that we do is pro-bono.

TRIO has had a huge impact on where I am today. I was able to meet and work with their amazing staff that showed interest in the work I did and the goals I had. They were a great resource and always pushed me to do my best. Tricia had a big impact on the decisions that I have made. I am very grateful for her support and the opportunities that opened up because not only did she believe in me, but I learned to believe in myself and everything I was capable and am capable of accomplishing. Thank you to all the TRIO staff for giving me an opportunity not everyone is given.

What would you consider your biggest accomplishment up until this moment in your life?

My biggest accomplishment so far, aside from being the first in my family to graduate from college, was moving to Boston, MA. I flew down to Boston last year and visited some of the local law schools and fell in love with Boston College. After working as a paralegal at a small private firm in MN for 2 years I knew it was time for a change, so when I saw that Boston College Law School had an opening I did not hesitate to apply. Fast forward to about a month after applying and I had received a call for an interview. Three weeks after that I flew down for my second interview. After the interview, about 30 minutes after I received a call from HR and had been offered the job. I knew that this would be a great opportunity for me not only personally, but this was the school that I had my eyes set on for Law school. This was a big accomplishment because my goal of attending law school was becoming more of a reality. I plan on applying to Law school and hopefully start fall of 2018.

What are your future goals/aspirations?

My long-term goal is to become an attorney and open up my own practice. I have been working as a paralegal these past 2 years and have loved every minute of it. I have been able to meet so many wonderful people, who I now consider mentors.

What Is TRIO UB? Staff Perspectives

Student worker **Clarissa Gasana** brings a unique perspective to TRIO Upward Bound, as she is not only a current employee but TRIO UB alum as well! She is very busy both inside and outside of UB, but is committed to making sure everyone "understands how important learning is to succeed." Clarissa learned a lot from her time as a UB student, and has great memories of her Bridge experience and her summer with Outward Bound. When she thinks about her past memories as a student and compares them with her role now as a tutor and TA for the 11th grade ACT Prep course, the word *purpose* comes to mind. TRIO helped Clarissa find her purpose, and now she wants to return the favor by working with families in the future. She knows the path won't be easy, but we know she'll chase her dreams and follow the advice she'd give to current and future students. "Be your own inspiration, because in TRIO we see and expect you to be the best version of yourself."

"One word I would use to describe TRIO UB is purpose because it gave me a justification to keep trying. Even in college, it helped me have a purpose to hold on to."

Alyssa Yff *found her place with UB as an instructor for the 11th Grade ACT Prep & Career Exploration class here at the University of Minnesota. We asked Alyssa a few questions about herself and her experiences with UB:*

What brought you to TRIO UB?

I taught social studies and AVID for 6 years in North Carolina. When we moved to Minnesota, I wanted to find a program where I could directly help students achieve their educational goals. I love the support and resources that the TRIO UB program provides students. The staff cares so much for the students and ensuring that they are successful.

If I had to describe TRIO Upward Bound in one word, it would be *INSPIRING*.

What do you hope students take away from TRIO UB services?

I hope they take away skills that will help them achieve academic success throughout their high school and undergraduate education. I also hope they come away from UB knowing that they have a caring community that they can turn to for support.

Describe your life now. What are your hobbies?

I stay at home with my 2 year old daughter, Emmy, and my 4 year old son, Manny. We spend a great deal of time visiting Como Zoo and playing outside. I have many hobbies! I love athletics - and for the past 10 years have completed countless running and skiing races. I also love classical music and I have played the Viola since I was 8 years old.

" I have learned an immense amount about all of my students and they continue to inspire and motivate me."

Thank you to all of our staff for your continued dedication to serving TRIO UB students!

2015 Annual Performance Report (APR)

TRIO Upward Bound (UB) is required to submit an extensive report to the U.S. Department of Education each year. This is the annual performance report (APR) where we must ensure all 67 fields per student are answered and that the responses are the most accurate answers. We submitted on November 22, 2016 and we received all 15 prior year experience points. This means our project met all of the six grant objectives required by the Department of Education!

June 1, 2014, was the start of the new UB grant with new grant objectives and associated expectations for measurable outcomes for the APR. Among the new grant imperatives is the increased expectation to retain more program participants to high school graduation and successful access and transition to post-secondary education. With the changes on the APR, we unfortunately did not meet all the objectives for two consecutive years (2013 & 2014 APR). We were two students short from meeting post-secondary completion. However, this APR 2015, we met that objective! Kudos to TRIO UB Class of 2010! This cohort consisted of 40 students whom 29 of them matriculated to college. A total of 21 alumni (14 who completed the program with us and 7 who did not complete the program with us) out of the 29 that pursued their dream of attaining a college degree and achieved it!

Our project reported on 424 students (24 students more than previous year) which included current active and dropped student as well as some alumni who completed and others dropped the program while in high school. Lots of data was accumulated via email, phone, Facebook, and mail during summer 2016. This was all made possible with the assistance of UB office staff, TRIO Student SSS staff, and the collaboration of Minneapolis Public Schools District Transcript department and REAA department.

-Elizabeth Nelson, Office Manager

TRIO UB is…..

Students were asked to reflect on their experiences with TRIO UB and answer the question, "If I had to describe TRIO UB in one word, it would be _____." We received a variety of responses, and put them all together in a word cloud. Repeat words that multiple students chose appear larger in the cloud. Stories and reflections in this newsletter are a testament that #TRIOworks.

TRIO UB Welcomes New Students!

Recruitment season kept UB staff very busy this fall! From doing school visits at Edison, North, South, and Patrick Henry High Schools, to processing student applications, conducting Family Information Meetings, and completing New Student Orientations, the office has been full of activity. This year, we are welcoming 30 new students and their families to UB! We cannot wait to get to know them better and see what they will accomplish, especially after meeting them at the New Student Orientations (pictured) that was facilitated by all the UB full time professional staff in January. WELCOME!
