Minnesota PBIS

PBIS through an Implementation Lens

Minneapolis, MN

Debra Price-Ellingstad, Ellen Nacik & Mary Hunt

State Implementation & Scaling-up of Evidence-based Practices

What IS PBIS?

- A systemic **framework** which supports the implementation of practices to improve student success & school climate
- About increasing **positive interactions** between adults and students
- About **continual use of data** to make decisions
- Responsive to the unique **context** and **cultures** of each school or program

BIG Ideas…

1. Successful individual student behavior support is linked to **host environments** or schools that are **effective, efficient, relevant, & durable**

2. Learning & teaching **environments must be redesigned** to increase the likelihood of behavioral & academic success

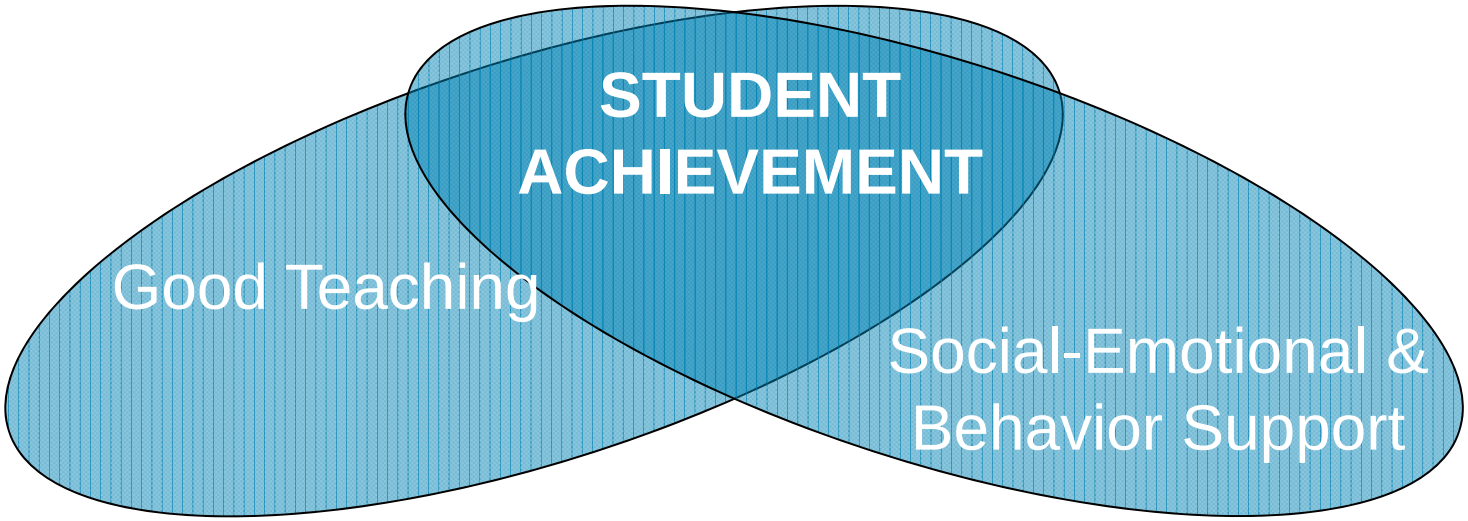

BIG Actions…

- Supporting **social behavior** is central to achieving academic gains.
- Invest in **prevention** first
- Focus on the **whole-school/program**
  - » **Systems to support effective practices**
- Adopt **Multi-tiered** support practices.
  - » **SW-PBIS includes universal, secondary, and tertiary supports**

BIG Results…

1. Improving classroom & school climate
2. Integrating academic & behavior initiatives
3. Decreasing reactive management
4. Improving support for students with significant needs
5. Maximizing academic achievement

What are the Critical Features of PBIS

Minnesota Department of Education

State Implementation & Scaling-up of Evidence-based Practices

PBIS Leadership Team

- Four – Six staff members
- Representative of multiple school roles and functions
- Principal or Vice-Principal
- Meets on a regular basis

School-wide Expectations

- Five or fewer (stated positively)
- Operationally defined and agreed upon by staff
- Classroom and non-classroom settings
- Posted publicly
- Specifically taught, practiced and recognized/reinforced

Classroom
Respect
Hands/feet to self
Appropriate voices
Treat others the way you want to be treated
Effort
Work hard
Try your best
Follow directions
Be on time
Be prepared
Attitude
Have FUN!
Be honest
Be accepting
Use kind and positive words
Welcome To
Cannon Falls
Elementary

Sit on pockets
Hands in lap
Cafeteria
Cannon Falls

Buckley PBIS Teaching Matrix

	Be Safe: To take care of yourself and others so no one gets hurt.	**Be Respectful:** To treat others the way you want to be treated.	**Be Responsible:** To do *what* you are supposed to do *when* you are supposed to it.
Classroom	Walk at all times. Keep hands, feet, and objects to yourself.	Use indoor voices. Use kind words. Follow adult directions.	Raise your hand. Come prepared to work. Be an active learner.
Cafeteria	Walk at all times. Keep hands, feet, and objects to yourself. Remain seated.	Use indoor voices. Use kind words. Follow adult directions. Use good manners.	Keep your place in line. Take all you need while in line. Keep your area clean. Raise your hand if you need help.
Bathroom	Enter and exit carefully. Wash and dry your hands. Keep soap and water in sink.	Use indoor voices. Use kind words. Respect other's privacy. Show care for school property.	Use sinks, toilet, soap, towels appropriately. Report problems to staff. Return to class when done.
Hallway	Walk at all times. Keep hands, feet, and objects to yourself. Stay to the right.	Maintain quiet hallways. Respect student work. Close lockers quietly.	Put belongings in your locker. Keep your place in line. Keep hallway clean. Go where you are supposed to go.
Bus Waiting Area	Walk at all times. Keep hands, feet, and objects to self. Remain seated.	Use indoor voices. Follow adult directions. Keep your area clean.	Keep your place in line. Keep toys, food, and objects in backpacks.
Bus	Keep hands, feet, and objects to self. Remain seated and face forward.	Follow adult directions. Use kind words. Keep your area clean.	Report all problems to driver. Enter and exit bus in an orderly manner. Keep bus clean.
Playground	Play safely. Use equipment correctly.	Follow adult directions. Be a good sport. Use kind words.	Line up carefully and calmly. Share equipment; take turns. Report problems to staff.

School-wide Reward System

- Used to reinforce demonstration of expected behaviors
- Feedback that the skill was demonstrated successfully
- Used consistently across settings
- Five to one expectation (high levels of feedback)

Behavioral Violation System

- Behavior violations defined
  Differentiates “majors” and “minors”
- Distinguishes office referral (ODR) vs. classroom-managed
- Agreed upon by all staff
- Systematically recorded into data system (School-wide Information System {SWIS} or other)

Data-based Decision Making

PBIS Team reviews on a regular basis

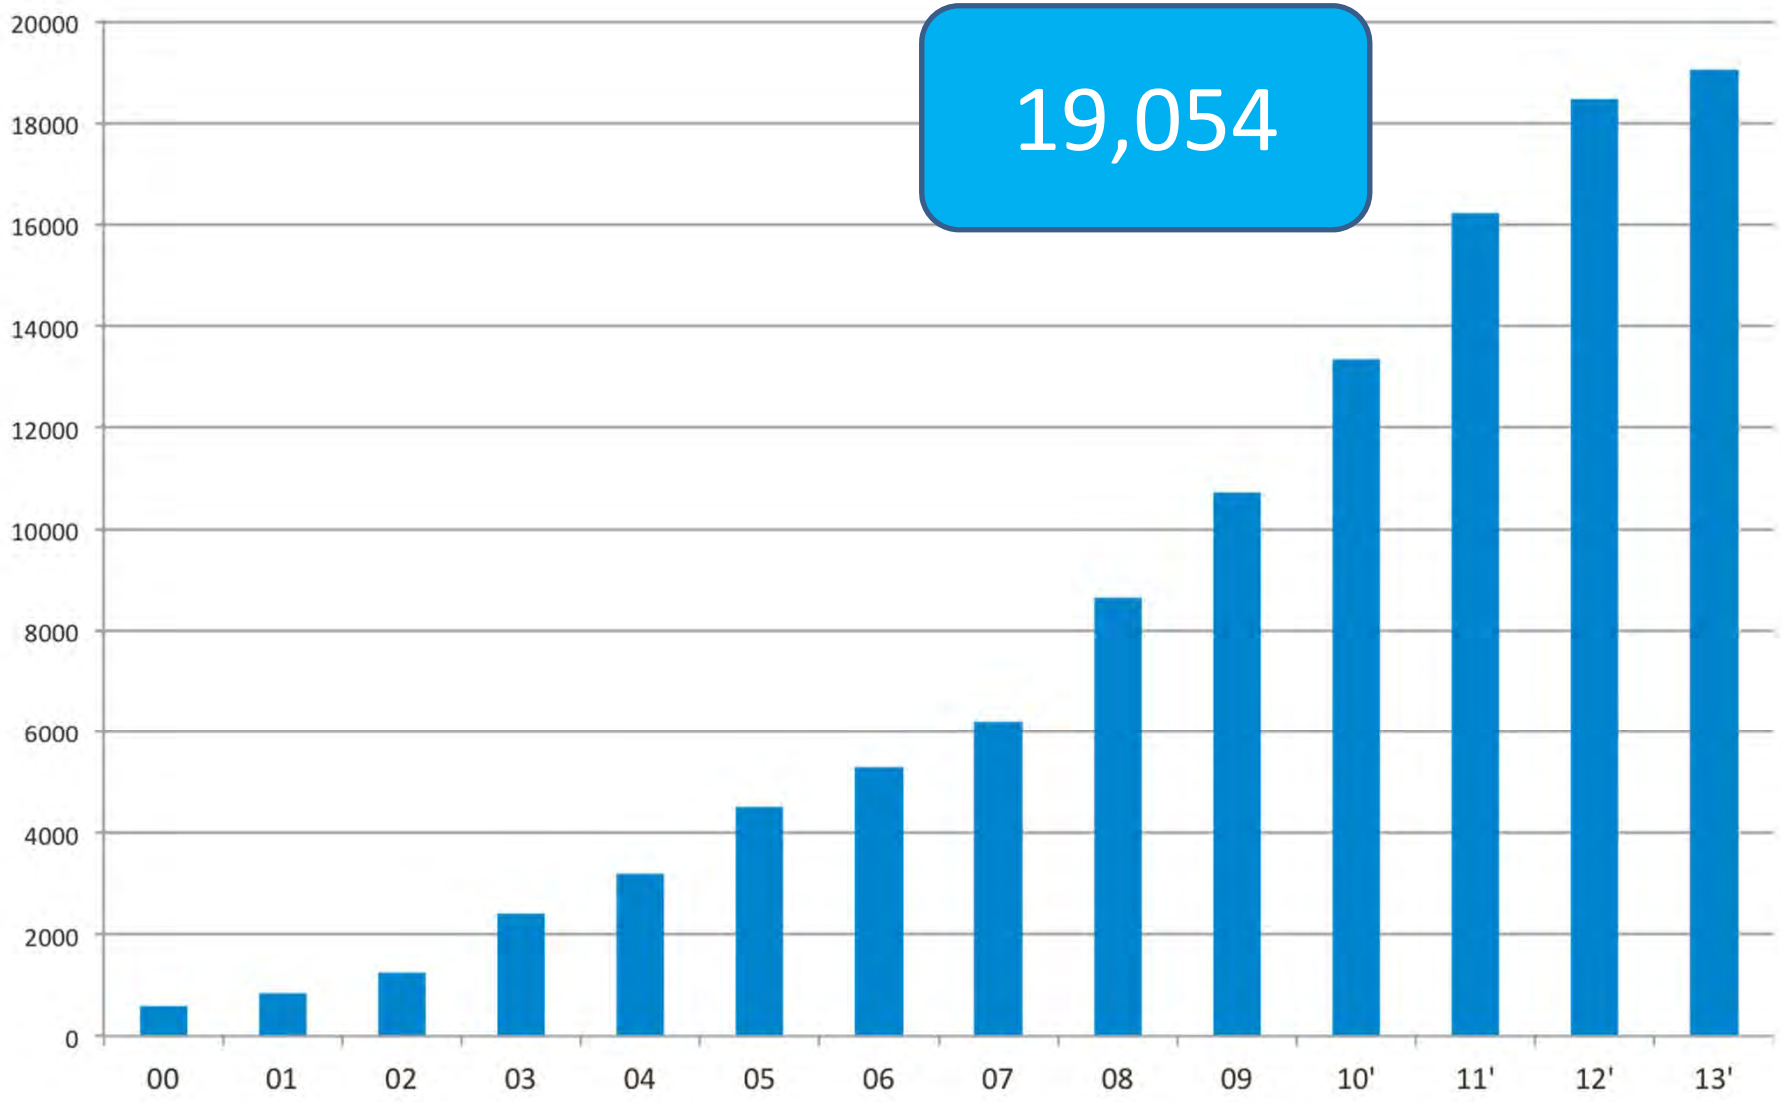

- ODRs
- Team Implementation Checklist (TIC)
- Self-Assessment Survey (SAS)
- School-side Evaluation Tool (SET)/ Benchmarks of Quality (BoQ)

Data-based action planning

Minnesota PBIS

Feature	Description
A PBIS leadership team exists to direct the implementation of PBIS.	This team includes from 4-6 staff members and the principal or vice-principal.
School-wide expectations are defined and agreed upon by staff.	Five or fewer rules are defined (e.g. Be Safe, Be Responsible, Be Respectful). Rules are operationally defined for classroom and non-classroom settings and posted publicly in all locations.
Defined school-wide expectations are taught explicitly to all students.	Each teacher creates and executes a specific plan for teaching expectations in the classroom and non-classroom settings.
A school-wide system exists for rewarding students who exhibit expected behaviors.	The system includes some type of tangible reinforcer (e.g. "gotcha" coupon). All teachers and staff in classroom and non-classroom settings use this consistently.
An agreed upon system exists for responding to behavioral violations.	Administrators, teachers and staff agree upon what constitutes an office referral vs. a classroom-managed referral.
A formal system exists for collecting, analyzing, and utilizing disciplinary data.	School PBIS teams review data on a weekly basis and use data to make adjustment in school systems and procedures.

Nationally: Number of Schools Implementing SWPBIS since 2000

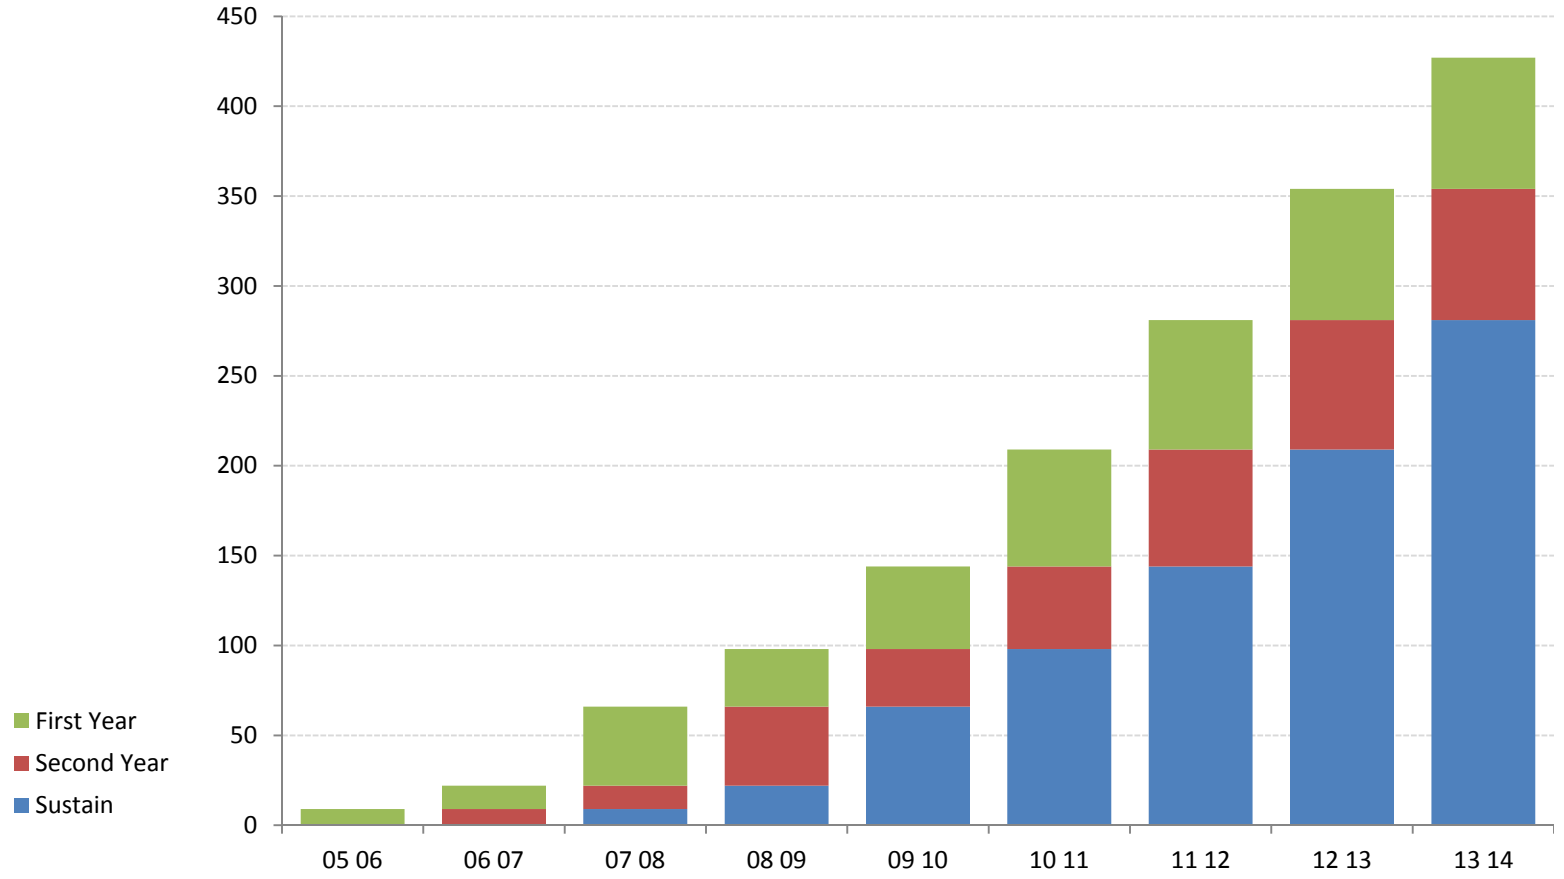

Minnesota Department of Education

State Implementation & Scaling-up of Evidence-based Practices

PBIS

Number of PBIS Schools in Minnesota

Minnesota Department of Education

State Implementation & Scaling-up of Evidence-based Practices

PBIS

By the numbers…

of Districts in MN PBIS = 143

Schools in MN PBIS to date = 428

Percentage of MN schools PBIS = 22%

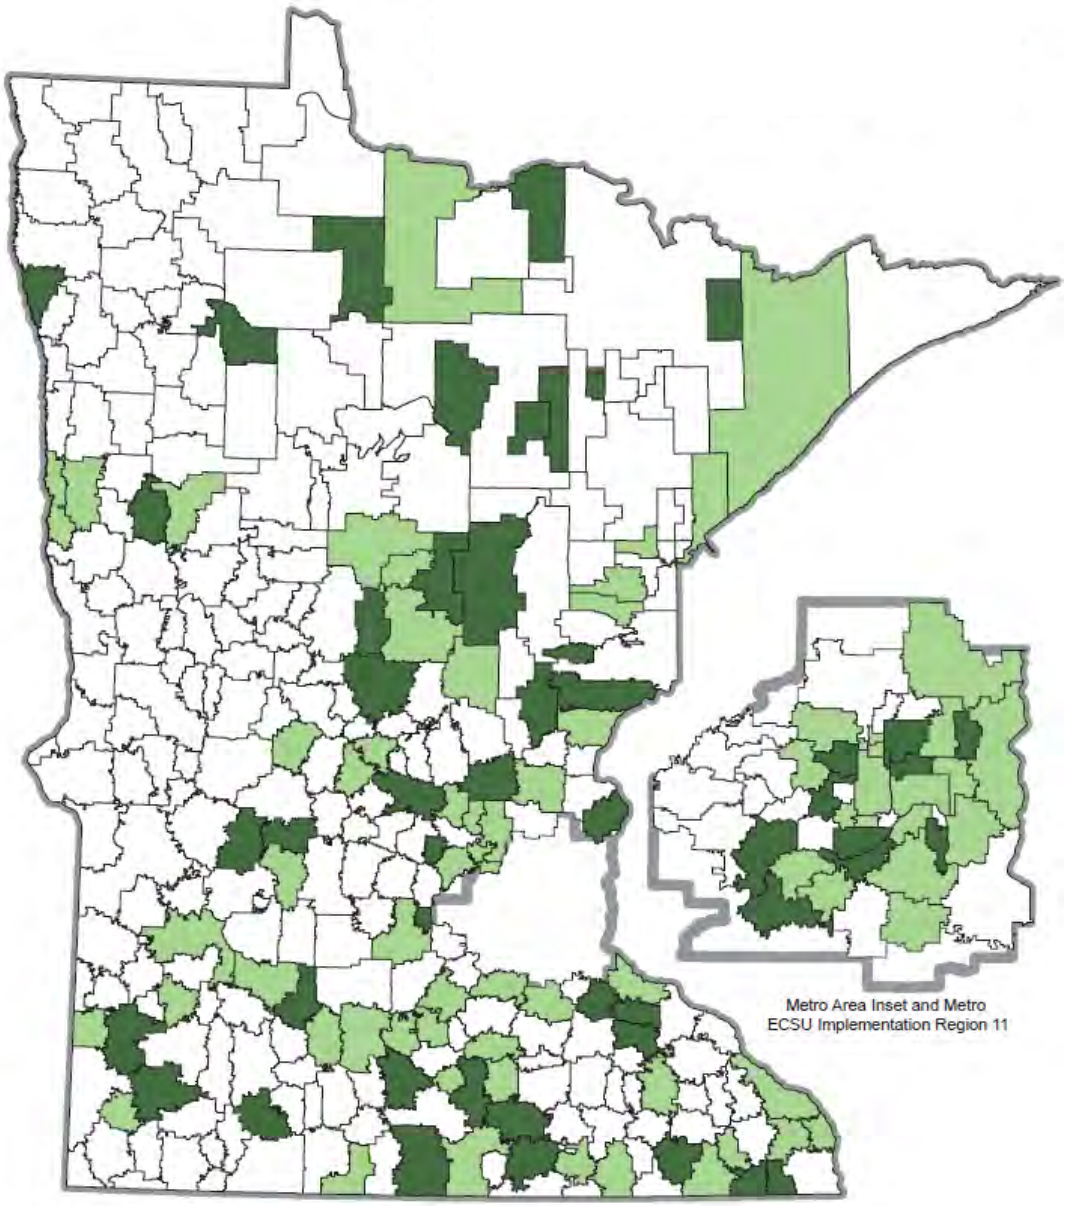

Students impacted by SW-PBIS = 179,000

Minnesota Department of Education

State Implementation & Scaling-up of Evidence-based Practices

Districts participated
SW-PBIS Training *Cohorts 1-9*

- Districts with 60% or more of schools
- Districts with 1%-59% of schools
- No participating schools to date

Exploration

- Application information is verification that exploration activities have started
- Teams have pre-requisites in place and are highly likely to be ready for installation stage

November 2012

Application Requirements for the Cohort 9 SW-PBIS Team Training

I. **General Information** *(part I of III)*

A. District Name & Number: 831 Official Name of School: Century Junior High Grade levels served: 7-8

School Address 21395 Goodview Avenue North , Scandia MN 55025

B. Contact Person for your Team Application*: Kelly Tschudy-Lafean Title: Assistant Principal

phone: 651-982-3002 email: ktschudy@flaschools.org fax: 651-982-3017

** IMPORTANT! The person listed above will be the main contact with MDE and will be responsible for forwarding updates to team(s), registering team(s), having summer contact information for team members and forwarding notifications regarding SW-PBIS.*

C. Administrator Name: Kelly Tschudy-Lafean Title:Assistant Principal phone:651-982-3002 email: ktschudy@flaschools.org

D. Region: North ☐ Metro x ☐ or South ☐ **(see map)**

E. Provide team information below **(up to 8 members per school site)**. School-wide team should be representative of your school staff.

Team Member Name	Role in School/Program	Email	Phone
1.Kelly Tschudy-Lafean	Asst Principal	ktschudy@flaschools.org	651-982-3002
2.Pam Mercer	Counselor		
3.Ryan Finke	Teacher		
4.Rose Warke	Police Liason		
5.Gina Doe	Teacher		
6.Trena Noble	Sped Teacher		
7.Alyssa Prince	Psychologist		
8.MaryBeth Johnson	Office Manager

State Implementation & Scaling-up of Evidence-based Practices

Minnesota Department of PBIS

Exploration

- Attended professional development on PBIS
- Data-based definition of need
- 80% buy in
- Resources allocated to support training, coaching and evaluation
- Awareness and knowledge of key PBIS components
- Building district administrative support for PBIS

Installation

- Representative team to attends training bring info back to school staff
- Team meets to develop/review action plans
- Baseline data is collected (fidelity, outcome)
- Install a data system
- Select a building coach to help facilitate meetings, collect data, support action planning, and work with staff throughout the school

Installation

- Develop systems for communication and data review/sharing with school staff.
- The team drafts 3-5 positive school-wide expectations, with a matrix for teaching expectations across school environments.
- Installing key features of PBIS by all school staff members

Initial Implementation

- School staff adopts the school-wide expectations
- Teaching matrix is taught to students
- Data system is in place to produce regular data
- Team establishes a regular meeting schedule, collects and reviews data
- School staff agrees and operationalizes consistent classroom managed behaviors and office managed behaviors

Initial Implementation

- Recognition system is in place
- Violation system is well defined with a continuum of consequences in place.
- Ongoing action planning,
- Coach facilitates team meetings, synthesis of data, and networking with other coaches.
- Attending training to continue learning key features and concepts in PBIS

FULL Implementation

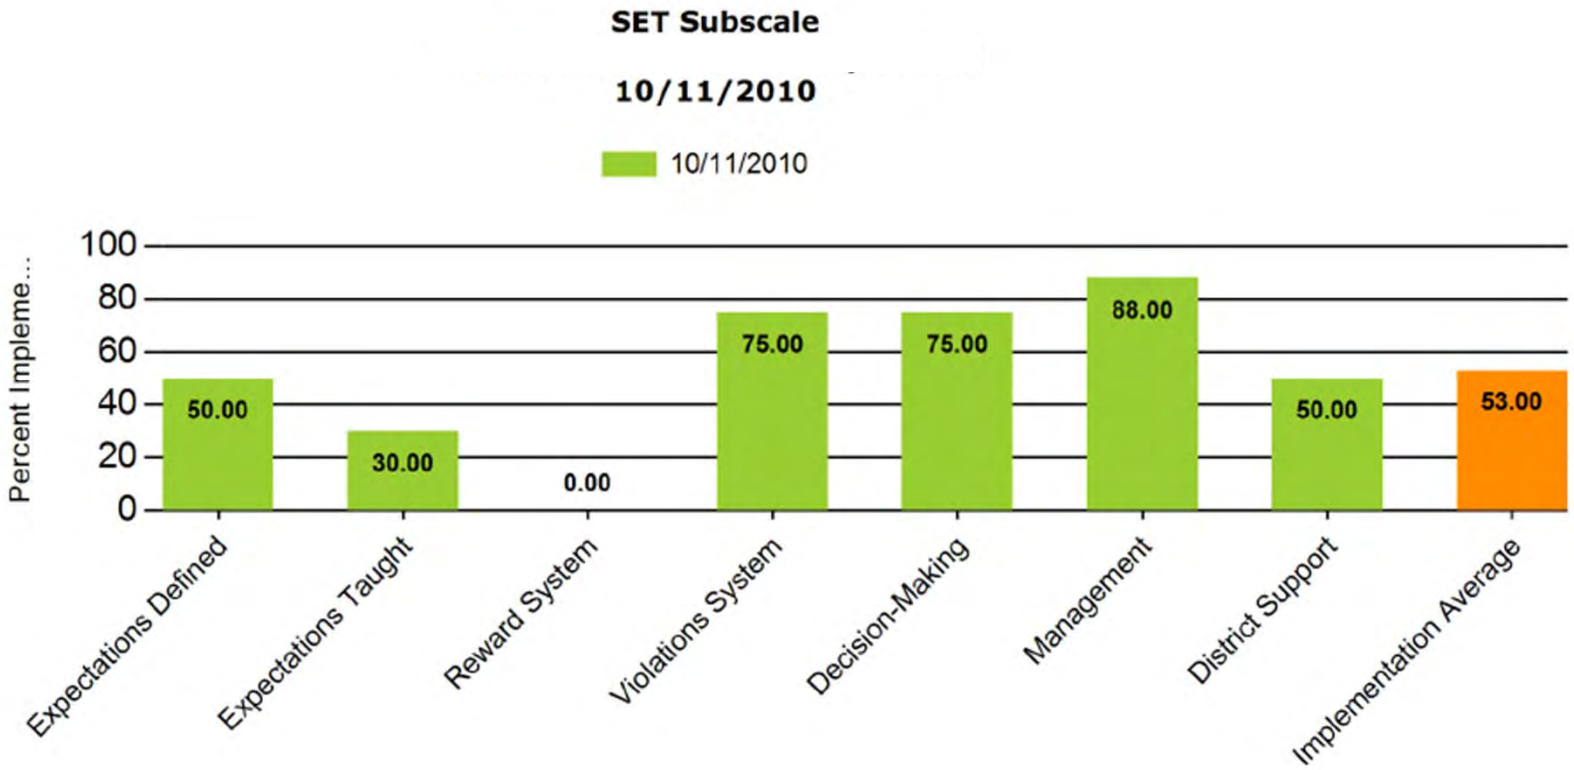

- Completed full scope and sequence of PBIS content
- Data and evidence of implementing PBIS at a quality standard
- Information on efforts and outcomes is shared with school community
- Implementation data is used to identify tier 2 and tier 3 supports

FULL Implementation

- Implementation data is being used to refine and focus school-wide efforts and found in action plans and school improvement plans
- Coaching support is an operational norm within the school
- “The way we roll”

SW-PBIS Selection

- A school leadership team (represents the roles, functions, and diversity of the school)
- Administrator participation
- 80% staff buy-in
- School-wide Information System (SWIS or other)
- Requires an internal coach
- Trained School Evaluation Tool (SET) evaluator

Implementation Drivers

Training:
PBIS and District Role

- Two-year team training cohort
- Trainers reflect the diversity of team membership
- Standardized scope and sequence (revised based on data)
- Moves schools from installation to initial/full implementation
- Summer Institute for sustainability
- Online training modules

PBIS

Implementation Drivers

© *Fixsen & Blase, 2008*

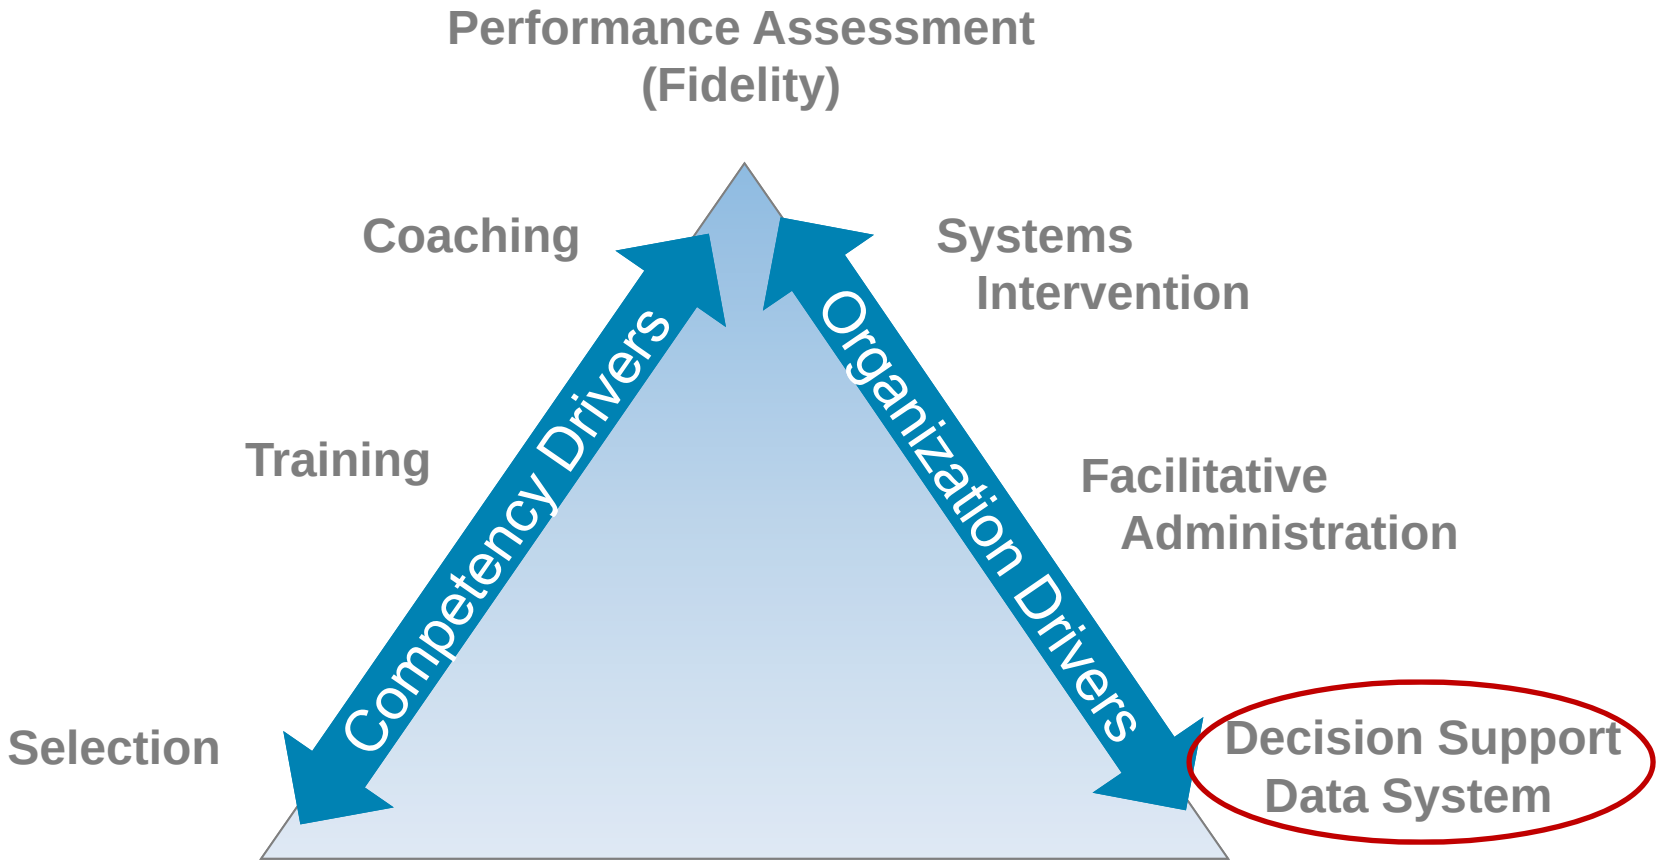

Coaching:
PBIS

- Aligning efforts, looking for efficiencies
- Anticipating needs in training and coaching
- Coaching and providing feedback at a school and classroom level
- Organizing and summarizing data
- Coordinating evaluation (SET, BOQ, TIC, SAS)
- Connecting with other school, district and regional coaches.

Coaching:
PBIS

- Coaching at multiple levels
  - Regional Coaches
  - District Coaches
  - Building/Program Coaches
  - All inform training scope and sequence (feedback loop)
- Coaches Workgroup
  - Wiki site
  - Coaches calendar
  - Coaches scope and sequence (aligned with training)
  - Networking opportunities

Implementation Drivers

Minnesota Department of Education

State Implementation & Scaling-up of Evidence-based Practices

PBIS

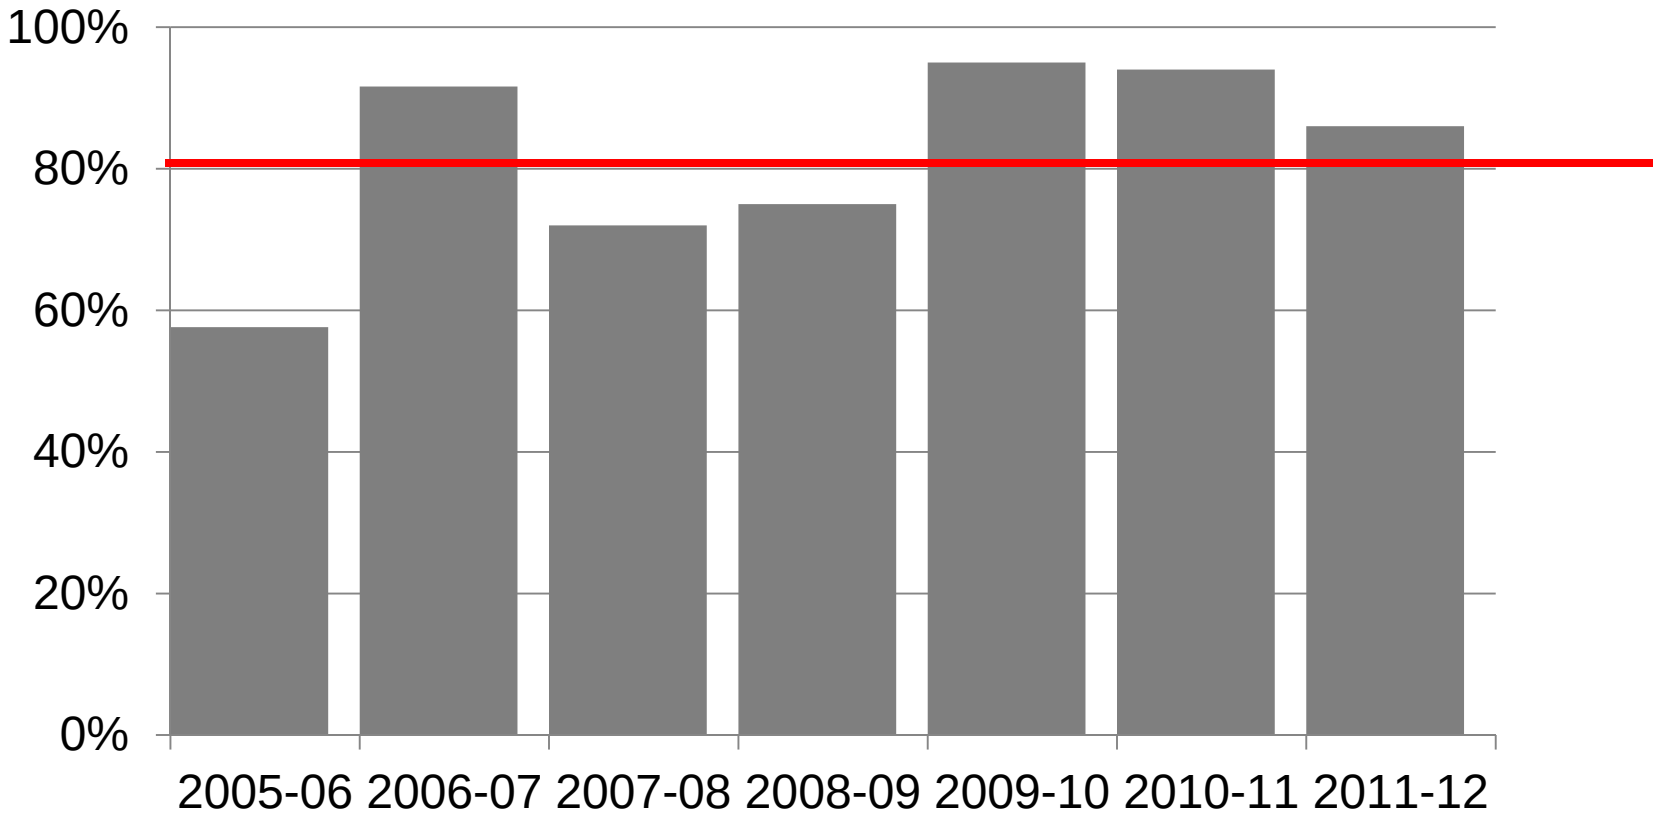

Decision-Support Data System: PBIS

- Providing access to needed data (ODR, SET, TIC, SAS) in a timely, and efficient manner

- Resolving issues with data systems that do not provide all needed data elements (e.g. “double entry”).

- Reviewing school performance and using data to evaluate outcome, effort and fidelity.

2012 a SCHOOL SET Profile
"A Snapshot over Time"

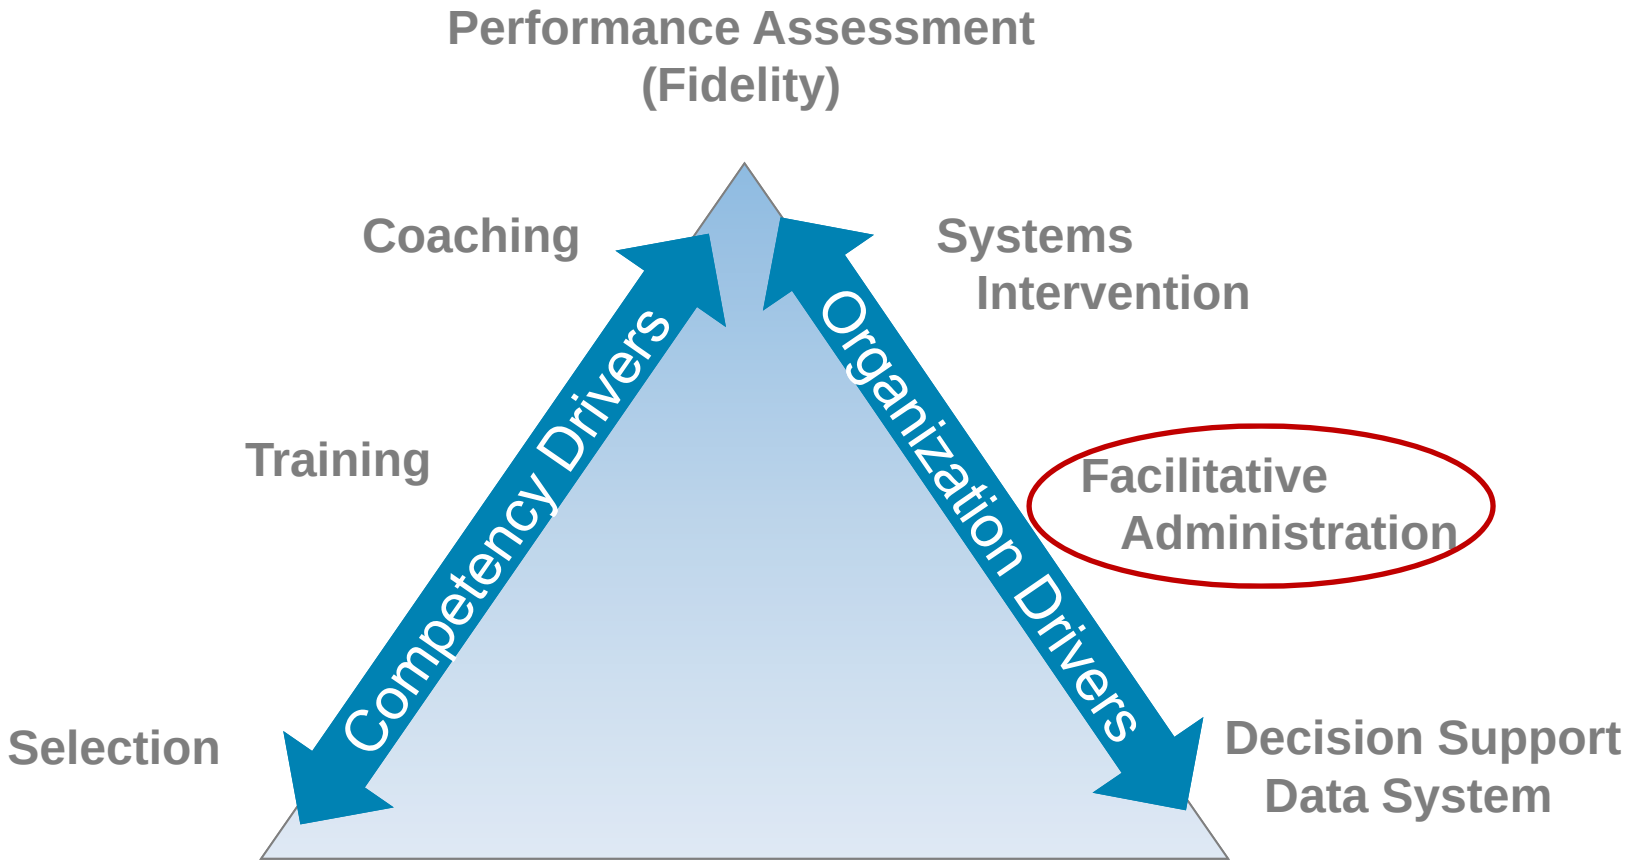

Minnesota Department of Education

State Implementation & Scaling-up of Evidence-based Practices

PBIS

Implementation Drivers

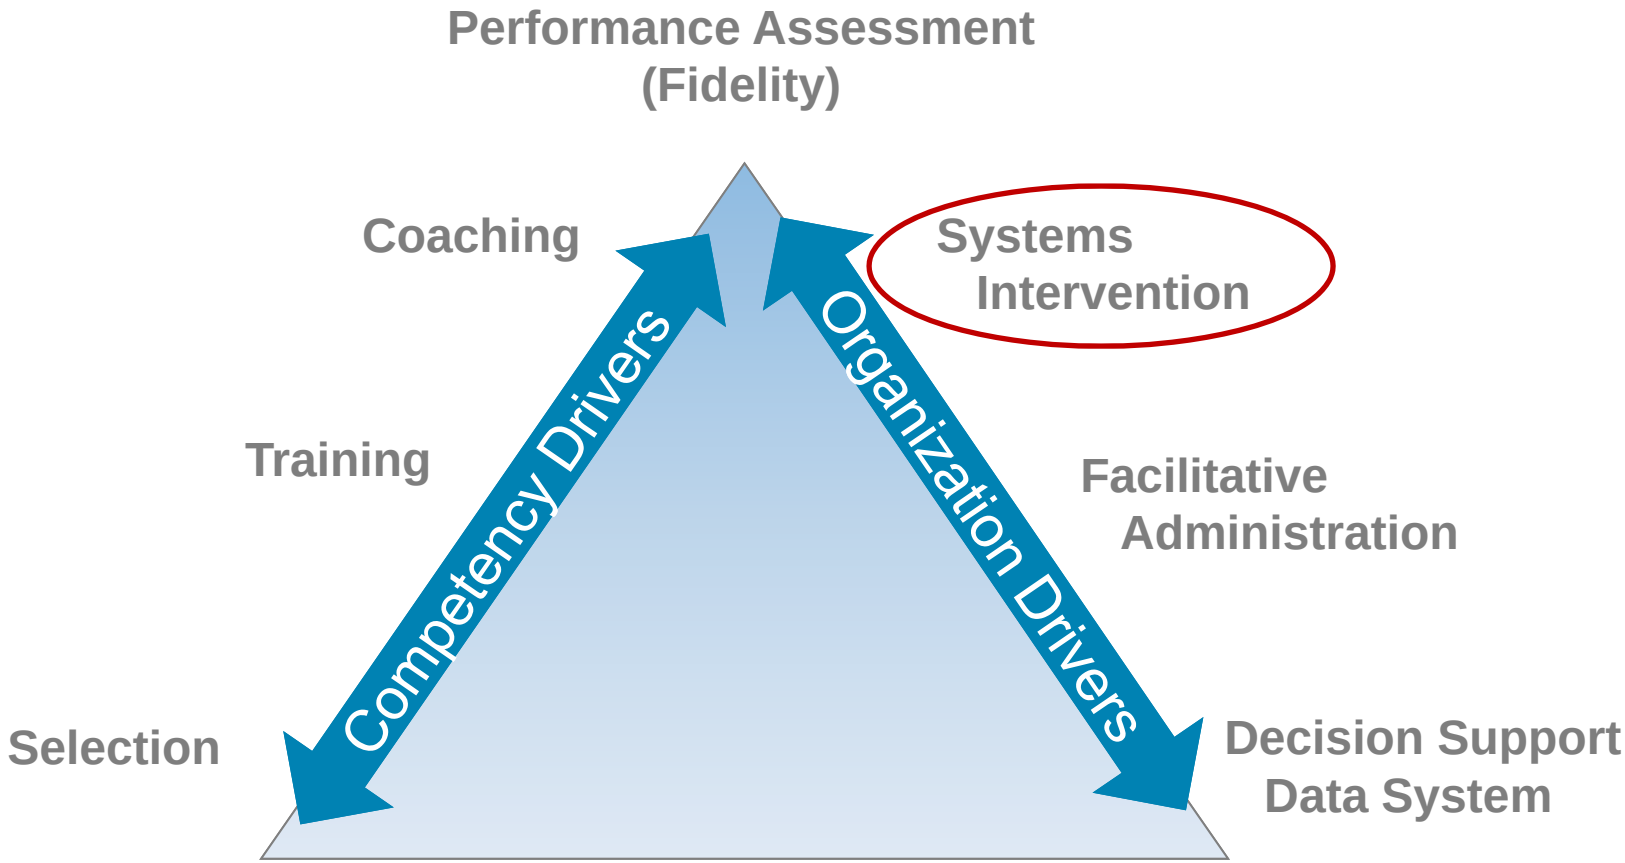

© *Fixsen & Blase, 2008*

Facilitative Administration: PBIS

- Aspects covered in application
  - Administrator participation in team training
  - Release time for team member training
  - Permission to revise office discipline referral form
  - Data support system (SWIS or other)
- Staff person designated as coach FTE
- Staff person designated as SET evaluator
- Secure resources for implementation
  - Team meeting time
  - Rewards/Recognition events

Implementation Drivers

© *Fixsen & Blase, 2008*

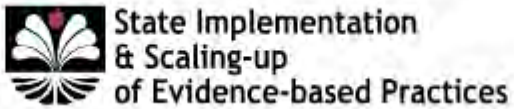

Wilder Research

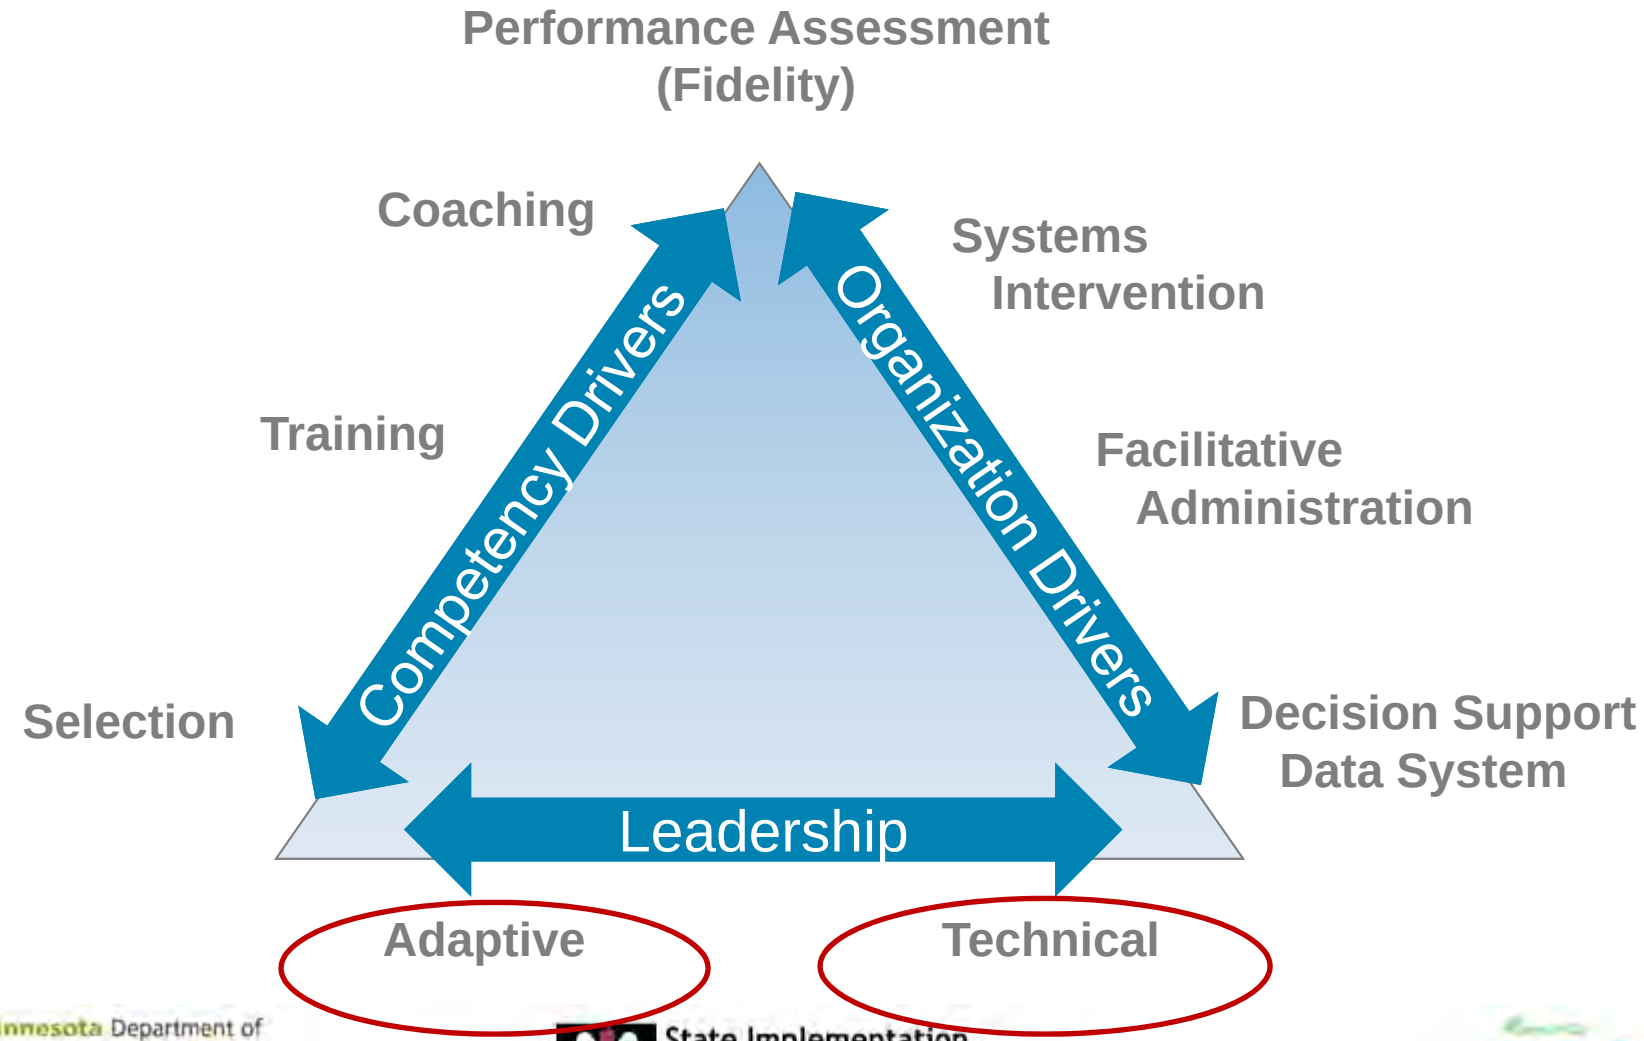

Systems Intervention: PBIS

- Identifying collaborative partners at the regional and state level
- Collaboration with neighboring schools and districts in common areas of training or SET evaluation
- Providing feedback for regional and state partners on policies and practices that support or hinder the work
- Identifying schools that are struggling to put the practices into place and providing additional support.

Organizational Driver Challenges Purposes

Leadership: PBIS

- Maintaining conditions for success
  - Assuring Adequate Levels Buy-In, across stages
  - Resources needed for today and tomorrow
  - Identifying impact of changing roles, and impact of distribution of staff
  - Building capacity and providing growth opportunities for staff.
  - Anticipating the needs for additional capacity before it is needed.

Leadership:
PBIS

- Managing implementation informed expectations (fidelity and outcomes) at the school and district levels.
  - Expectations for schools that are fully implementing
  - Expectations for schools in training/initial implementation
  - Expectations for schools in exploration
