Internal EPsy petition form

Department of Educational Psychology

UNIVERSITY OF MINNESOTA
Driven to Discover℠

Student's Name _____ Date _____

ID# _____ Adviser(s) _____

Petition for program(s): _____ PhD _____ MA _____ Specialist

DESCRIPTION OF PROPOSED CHANGE:

RATIONALE SUPPORTING PROPOSED CHANGE:

To the Professor: I have reviewed the rationale for the proposed core requirement substitution and approve it. It is my belief that the student has already acquired the knowledge and/or skills that are taught in my course, _____ (course # and designator).

Professor's Name _____

Professor's signature _____ Date _____

To the Adviser: I have reviewed the above rationale as stated by the student and as approved by the above named professor, and I am in agreement with the proposed substitution for the student's core requirements.

Adviser's signature _____ Date _____

Co-Adviser's signature _____ Date _____

Action taken and/or stipulations by the EPSY DGS/Graduate Advisory Committee:

DGS Signature _____ Date _____

_____ Student notified _____ Adviser notified _____ Petition added to file

INSTRUCTIONS TO THE STUDENT

To ensure adequate breadth and depth in students' programs, EPsy has outlined a core of requirements. If you have already taken graduate work in some of these required areas and feel that the department requirement would constitute a duplication, you may petition to substitute your previous course work into your program. Be prepared to submit any of the following as supporting documentation: a copy of your graduate transcript showing course (and grade obtained), an official course description, a syllabus, and/or product/projects completed, etc.

It is your responsibility to make sure that the petition form reaches the appropriate professor, the adviser, and the DGS Assistant/GPC.

The procedure for petitioning a change in core requirements is as follows:

1. First, meet with the professor who is responsible for the course in question in order to ascertain if there would be duplication. Have them sign this form.
2. Next, meet with your adviser to determine if they will recommend the substitution. Have them sign the form.
3. Submit the form to the DGS Assistant/GPC in 250 EdSciB for review by the DGS/GAC. (The petition form must have the signatures of the professor and your adviser before the committee will consider it.)
4. The DGS/GAC will decide whether to approve your request and may make stipulations regarding your program.
5. The result of the DGS/GAC's decision will be added to your file, and you and your adviser will be informed of the decision.
